#### ALL DOLLED UP

**Linda Labo and Matt Kavannah** began going out on January 25, 1997. The reason that they get along so well is because they understand each other. Their most romantic date was last year in Scituate.

They walked on the beach and watched the sun set from the jetty.

#### WEDLOCK

# Men Behaving Badly

An inside look at some of King Philip's finest guys. Who are the boys who make up King Philip's Senior Class? Here are four seniors K.P. can be proud to have as graduates.

He is the center snare drummer of our nationally acclaimed band. **Calvin Swaim** is a truly dedicated musician. He excels in math, science, and controversial debates. He can be described as a difficult person to be proved wrong. His strong beliefs make him respectable and admired. Cal is also in the National Honor Society, where he volunteers his services. He is one of the many good guys at K.P.

**Chris Allen** is a great representative of our school. He is an active member of King Philip's National Honor Society. He can be seen either collecting the school's recycling or cleaning up their adopted highway. Although somewhat quiet, Chris can definitely be defined as a helpful and reliable person. His help in many Leo Club community service activities is a perfect example of his giving character.

**Dan Pennini** will forever be labeled for his freshman year weight class of 103. This wrestler-turned trackie is so athletic that he excelled in both sports. Dan, like many other guys in our school, has a great sense of humor. Of course, he can also be stubborn, opinionated, and extremely vocal. These traits make him *The Man*. The most important aspect about Dan is that he respects the opinions of others.

Pictured here is **Keith LaValley**, AKA **Moose**. Moose? Being a hockey player, you would need a name like Moose. Rumor is he was given this name by his father when he was playing in the hockey minors. As a child, Keith was the biggest kid out on the ice and used his size to his advantage by taking on smaller kids. Now Keith is not so violent, but he is still aggressive, and his muscles can always back him up.

#### PARTY OF SIX

Sharon Hostettler, Liz Larson, Samantha Kress, Bethany Coleman and Heather Kress all come together to have a memory frozen in time.

#### JAMES BOND. BEWARE!

Cathleen Collins, Jen Carey, and Linda Labo show their stuff as they strike a pose. They obviously love being in the eye of the camera as you can see.

#### WHAT A RIDE!

Jenni Allen, Diana LaPointe and Jennie Boylan stop during a ride to show off their pearly whites. They are having a ball at Riverside, but they still have time to smile for a picture.

#### PARTY TIME

Jill Krasnauskas, Amy Moore, Jessica Greene, and Joanne Thibault stop dancing to show off their style. They are obviously having fun at this rave dance held at our high school.

#### HERE WE ARE!

Crystal Andrews and Jessica Halpin demonstrate their crazy personalities as they pose for a picture. However, no one around really seems to notice.

**RIGHT OUT OF A FAIRY TALE**  
Julie MacPherson and Amy Curwood look like they just stepped out of a fairy tale in this picture. They are making a stop here at Nicky's, a restaurant in Wrentham, to show off their beautiful costumes. Soon they will be galavanting off to another party to celebrate Halloween.

**SAY CHEESE!**  
Katie Quick, Jen Perry, Keri St. Amand, Alison Johnston, Adriana Ouimet, Heather Wilson and Laura Coffey get together over pizza to hang out. They interrupt their meal to get a quick snapshot.

**THREE'S COMPANY**  
Jenine Khouri, Heather Stewart, and Lisa Tibbetts are all dressed up and ready to have fun. The night is young and there is much to do for these girls. They look as if they are ready to dance the night away, which they will probably do.

# Charlie's Angels

*Now let's take a look at these people  
and get to know a little more  
about a few of our peers.*

**Keely Monahan's** cheerful and friendly attitude makes her a great person. She is always ready to listen to someone else's problems and is good at making people feel better. She takes part in Peer Leadership. Her personality makes her a very good peer leader.

**Sarah Conley's** outgoing personality can lighten up any tense situation. She always wants to have fun, and this attitude makes her easy to get along with. One of her favorite things to do is to spend money, so she can usually be found shopping at the mall.

**Stephanie Dowling's** talkative and upbeat personality makes her a fun person to be around. She is always in the mood to joke around and have fun. She is also good at making people feel better when they are feeling down.

**Laura Coffey** is always ready to laugh and have fun. Her outgoing character and unique personality make her a person you would want to meet.

#### SISTER SISTER

Tara and Wendy Rukstalis may look very much alike, but their personalities differ immensely. They do, however, share some of the same interests. Music is one.

#### A MOTHER'S DREAM

Being only a year apart Stephanie and Scott Dowling have a great relationship together. They can often be seen working at the Big Apple or attending church together.

#### SIMILAR DIFFERENCES

Danielle Poletto is known for her original style. Following her lead, Matt Poletto created his own unique style. These two siblings add color to our school.

#### CHANGING COLORS

Jess Atkinson in a bright tie dye? A benefit of being a sister is sharing clothes. But Katie in all black?

#### OLDER BROTHER

Being the oldest of five children, Mike Maloney has had a lot of practice at being the older brother. Mike is confident that next year Scott will be able to take over the commanding role.

#### BROTHERLY LOVE

These Darling boys, Mark, John, and Chris, are tough athletes. Playing football together is a family activity. John Darling has been a good role model for his three younger brothers (Luke is only eight). Next year Chris and Mark will only have each other at K.P.

#### SOCCER SISTERS

Kristen and Lauren Hurley are both great athletes and love soccer. They can also be very sweet and funny. Lauren will be going off to college next fall, leaving only a little Hurley (Kristen) at K.P.

#### SEXY SMILES

Joe and Brian Gibeault even have the same facial expressions. Did Brian learn this suave look from his older brother Joe? Where is the middle child, Bob?

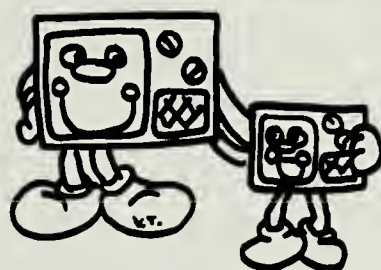

#### MILES FROM UTAH

The Miles family originally came from Utah, and moved to Wrentham around eight years ago. Dave and Ryan are the oldest of six children. Dave and Ryan are two of the nicest guys at K.P. and their parents should be proud of them.

#### TWIN TOWERS

Becki Tower is pictured here, giving her older sister, Vicki, a hug after the last Field Hockey home night game. It's a K.P. hockey tradition to have a party for the seniors at the end of this game. This year Becki is not only saying goodbye to a senior but also a sister.

# All in the Family

What about seniors at K.P. with siblings in college? How does it affect the brother/sister relationship? Here are some comments from K.P. students.

Jill Krasnauskas' brother, Eric, has attended Rensselaer for two years now. Jill stated, *We get along much better now that he is at school.*

Jenni Boylan's brother Chris attends WPI. According to Jenni he absolutely loves it. *He comes home sometimes to do his laundry, but usually I'm in school and I don't get to see him.* Jenni went on to say that she supposes she misses him a little bit.

Ryan Clutterbuck recently visited South Carolina to see his brother, Jay, become inducted into the Marines. Ryan thought it was strange to hear his brother say Ma'm and Sir.

Attending UMass Amherst is Chad Guay's big sister Bonnie. Chad and Bonnie have always had a good relationship.

**MEN AT WORK**  
**Dave and Paul Elliot** share in their excitement during a soccer game. These twins' personalities differ very much from each other, although their appearances may be very similar.

**THOMAS TWINS**  
**Chris and Kerri-Lyn Thomas** seem to have a relationship they appreciate. **Chris** comments, *You always have someone to talk to.* **Kerri-Lyn** says that even when he pushes her around she knows she will always have a friend.

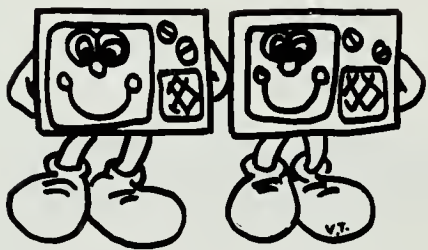

**DOUBLE VISION**  
**Christine and Stephanie Flynn** are one set of twins who are able to live in the same house and still love each other. They have even been known to have the same dream, or wake up crying with the same nightmare. This is a special connection that twins are sometimes fortunate enough to have.

**BOSOM BUDDIES**  
**Whitney and Stephanie Griffin** say that they are practically best friends. **Whitney** says, *Being a twin has its advantages and disadvantages, and it's kind of cool to be in the same grade.* Her sister **Stephanie** comments, *I love being a twin because you are different from everyone else, and we get along great. We're best friends.*

**DOUBLE TROUBLE**  
**Kristen and Lauren Hall** are shown at the right. **Kristen** feels that most of the time they get along, except every once in a while when they have a big fight, not unusual for siblings. When these two do get into an argument, however, it is not a pretty sight.

#### TA-DAA

**Heather and Samantha Kress** show off their gymnastic skills as they pose for a picture. These two may look alike, but when it comes to their personalities, they are far from identical.

#### SISTER SISTER

**Jackie and Lauren Murphy** feel that being a twin is a good thing. They get along well and are also friends. When **Jackie** was asked the question of whether she liked being a twin she said, *Yes, I enjoy being a twin. Sometimes it is fun.*

#### CONVERSE TWINS

**Tom and Sally Converse** have a very good brother/sister relationship. They both have similar interests; **Tommy**, as Sally calls him, plays hockey and **Sally** plays field hockey. Having similar interests could make a relationship stronger, which is probably the case with these twins.

## DOUBLE DARE

*Now let's take a look at two twin relationships.*

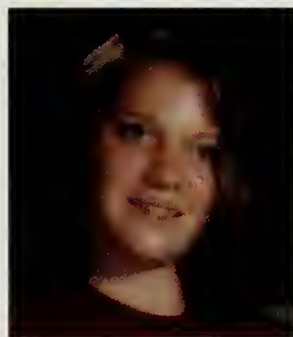

When **Amy O'Connor** was asked what her relationship with her sister **Katie** was like, she answered, *Katie and I have personalities that clash so much, we can never seem to get along.*

**Katie O'Connor** embellished on **Amy's** statement by saying, *Perhaps we cannot get along since we are stuck together so much. This can get annoying after a while.*

**Samantha Kress** feels that she and **Heather** may have times when they bicker and fight over little things, but when it comes down to it, they will always be there for each other.

**Heather** has similar feelings for her sister **Samantha**. She also feels that they may fight like any other siblings, but in times of need, they will always have each other. They would stick up for each other no matter what.

## *Most Often Late*

Racing into school is a normal occurrence for Tracey Cook and Reed Reynolds.

## *Friendliest*

You know you can always find a friend in Crystal Andrews or Eric Greene. Eric is there to give friendly advice and Crystal's radiant smile can brighten any day.

## *Most Pessimistic*

The cup is half empty when chatting with Chris Dehart and Jess Halpin. You always have someone to complain to with them around.

## *Anticipated for three years... they are finally here!*

The Senior Superlative process began at the conclusion of our junior year. All seniors-to-be were given a form to nominate one girl and one guy from our class that they thought best fit each category. The process had begun.

Over the summer, votes were tallied and the top three nominees for each category were recorded.

At the onset of senior year, our class voted from the top three nominees. The ballots were scanned... the winners decided.

After one month of anticipation and constant inquiries the Senior Superlative Supper was held on November 25 in the cafeteria where pizza and soda were served. The nominees were recognized and the winners were announced.

This was truly the first step in becoming seniors. Since freshman year we had watched other classes and waited. We never thought our chance would come, but it has. Good luck Class of '98 and congratulations to the winners!

Jill K. & Tara M.

## *What do Senior Superlatives mean to you?*

### ***Funniest Laugh***

Tell any joke and you know you'll get a laugh from **Randy Calzaretta** and **Adriana Ouimet** which, in turn, will make you smile. Their laughs are funnier than any joke one could tell.

### ***Best Buddies***

However bad things may be, **Tracey Cook** and **Tara Breland** know they always have a friend in one another. Together they know they can conquer any obstacle.

### ***Most Changed***

Judging from his picture, it is obvious that **Brett Martucci** has changed since his elementary days and although **Lauren Stone** has drastically changed, her loveable nature hasn't.

### ***Best Smile***

The reigns of **Chad Guay** and **Jenni Allen** began five years ago in Junior High and this year they once again proved that no one can match their pearly whites.

### Class Clown

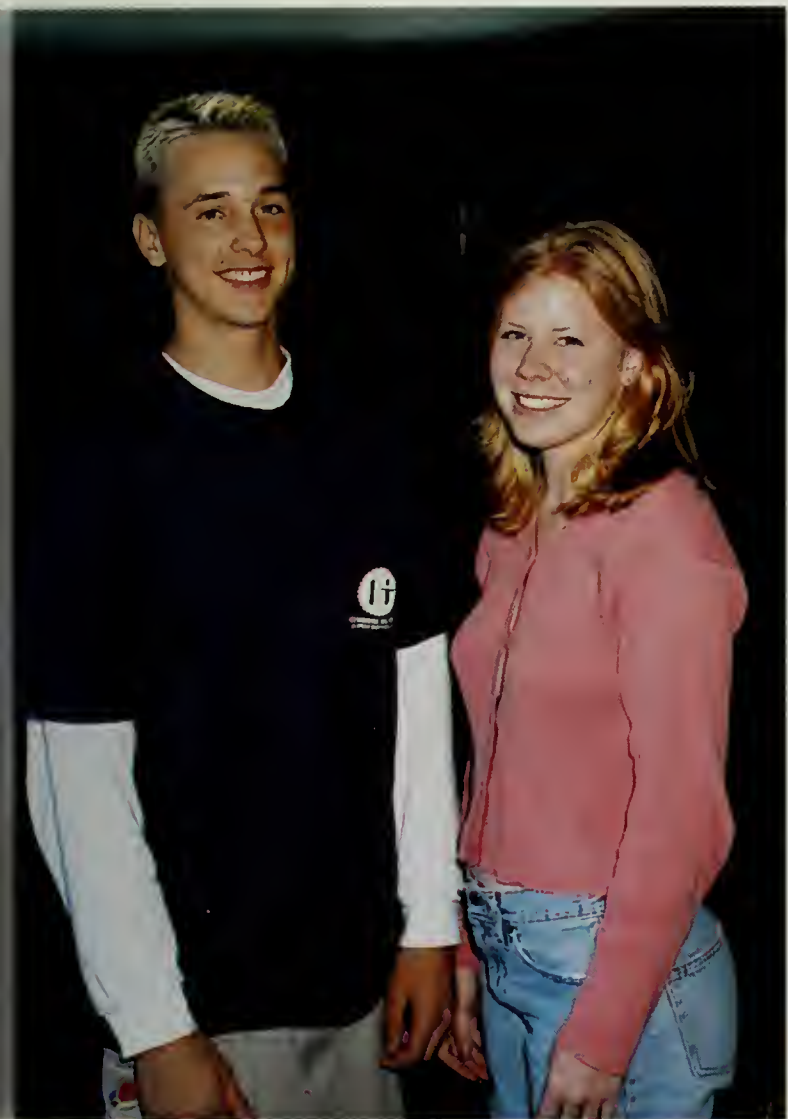

Each school year as schedules are distributed students can only hope to share a class with **Maggie Henderson** or **Anush Patel**. These two can make even the most boring class fun.

### Best All-Around

It is fitting that these two seniors also share the title of Most Fun. **Max Mucciarone** and **Linda Labo** should have no problem making new friends when away at school as they have had no problem at K.P.

### Best Looking

One glance at **Sean Simmer** and **Sarah Clapp** and you know what this title is all about. Not only are they good looking, but Sean drums up all sorts of attention and Sarah can keep her tennis opponents *in love*.

### Best Dressed

These two know how to shop, and boy do they wear it well. **Megan Lloyd** and **Bryan Keane** can shop with the best of them and their style shows it all.

### Most Athletic

Whether dribbling a ball or throwing passes, these two never stop. Both **John Darling** and **Kara O'Neil** have been playing varsity since freshman year and will continue in college.

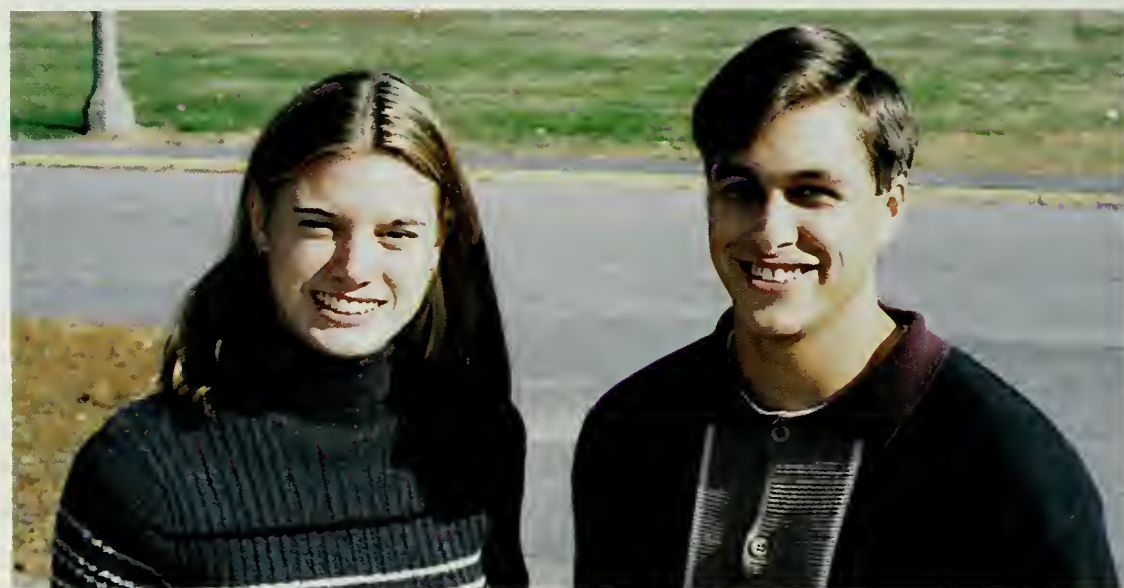

### Most Liberated

Independent and confident, Jenine Khouri can take on any situation without the aid of a man. She knows how to get what she wants and she usually does.

### Shyest

Teoman Korkmaz, Jen Varey, and Kim Callahan. Shhh!... enough said.

### Most Scatterbrained

Strand Diana LaPointe and Randy Calzaretta on an island and see what would happen. While Diana would be working on the perfect tan, Randy would be herding the native, wild cows.

### Most Talkative

Even the tape over their mouths could not keep Melanie Kellogg and Matt Gibson quiet for long. In a conversation with either of them you can never expect to get a word in.

### Most Predictable

Don't expect any drastic change in events when planning an evening with Kaitlin Seigenberg or Garrett Rose. Kaitlin's mind is always on track while Garrett's is on baseball.

#### *Best Personality*

These two lovable characters can warm anyone's heart. **Chad Guay** and **Jennie Boylan** are known for their caring hearts and clever senses of humor.

#### *Class Couple*

Love blossomed for these two during their junior year. **Reed Reynolds** and **Nicole Gravelle** can always be found arms locked and happy. There's no end in sight for these two.

#### *Clumsiest*

Oops! These two can't seem to stay on their feet whether **Tracey Lefebvre** is bumping into someone with her field hockey stick or **John Verdeaux** trips on the basketball court.

#### *Most Likely to Stay in the Area*

**Paul Mullaney** and **Jessie Greene** are true country folk. Just like their parents, these two see no big moves in the foreseeable future.

### *Our time here has come to an end....*

Starting off as freshmen, we really did not know what to expect. Where do we begin? Fall came and went, with us, of course, avoiding the dreaded Senior Hallway at all costs. Yet the seniors did not let us hide forever. At Class Competition our white freshman attire was immediately doused with the green spray paint of the seniors.

Well, we survived our freshman year and moved on to be wiser and more mature sophomores...or so we thought. With winter came the big Semi ex-

citement. What to wear? Who to ask? Who was lucky enough to get a senior date?

Our junior year was filled with work, work, work. *This year is the most important year for college. Keep up your grades or you will be attending McD University*, was a common lecture at home. College searches began and the dreaded SAT's were taken. We survived with a few bumps and bruises.

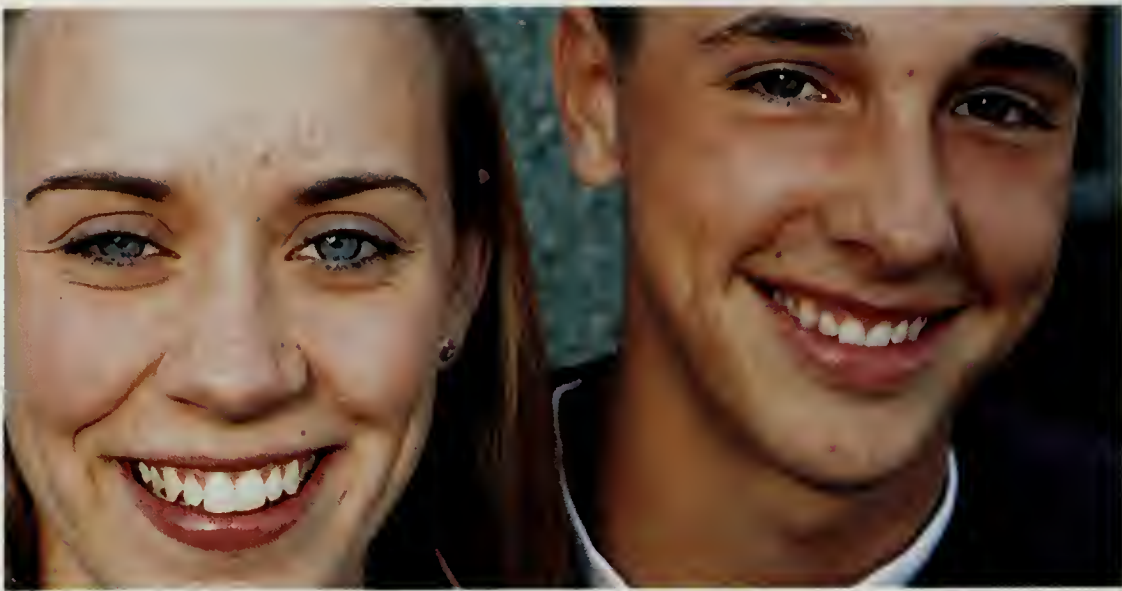

Senior year crept up faster than we thought. The end is near....It's been a long, strange journey!!!!

### Best Eyes

You can sink deep into these baby blues. **Carolyn Gately** and **Sean Simmer** have no problem captivating any audience.

### Most Artistic

**Mike Spencer** and **Vicki Tower** are well known for their artistic abilities. As Vicky follows in her mother's footsteps, Mike creates his own style.

### Most Likely To Succeed

Watch out Wall Street! When these two hit the scene there is no telling what they can do. **Cathleen Collins** and **Matt Kavanah** have truly proved that anything is possible.

### Best Hair

Identifying these two in a crowd is no problem. **Jen Whipple's** curls can be seen miles away and **Brett Martucci** brags that his hair is the nappiest around.

### Most Unique

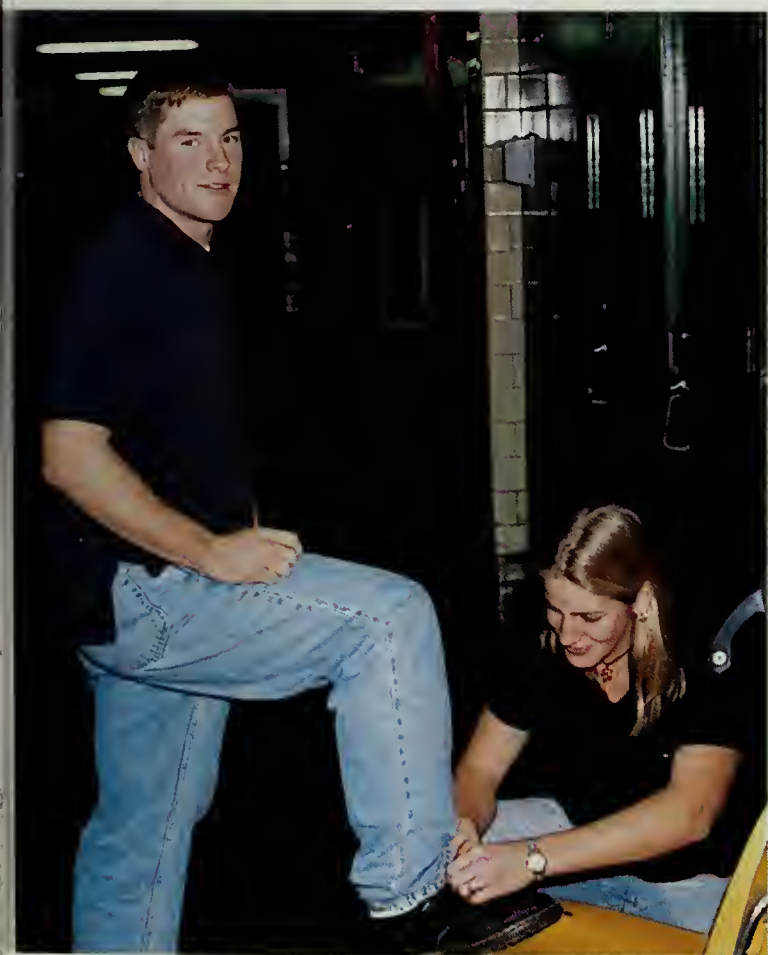

Throughout high school **John Paul Larue** and **Danielle Polletto** have truly established themselves as individuals, never lacking in creativity.

### Most Academic

ou know you'll never see anything less than perfect when working with **Sarah Afarian** or **Matt Kavanah**. They know how to succeed and have done so throughout high school, no matter what the subject.

### Cutest

**George Labonte** and **Crystal Andrews** are cuter than any teddy bear you grew up with. Their warm smiles and baby faces could melt anyone's heart.

### Most Unchanged

As long as anyone can remember, **Amanda Topping** and **Dave Oliver** have stayed the same. From the first day of grade school to senior year their looks and personalities have yet to be altered.

### Most Chauvinistic

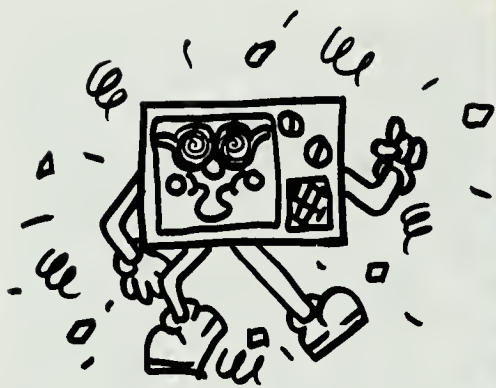

Pride in the male gender is one aspect of **Ryan Clutterbuck's** personality that he is not shy about. Ryan never has a problem sharing his opinion on what a man *can* do.

### Most Optimistic

It's all rainbows and sunshine for **Kara O'Neil** and **Eric Greene** who never sport a frown. When asked Kara's favorite saying she yelled, *I said a boom-chic-a-boom!*

**SOPHOMORES—AND PROUD OF IT**  
As they celebrate Kristina Robbins' 16th birthday party, the sophomores who were there show how proud they are to be undergraduates at K.P.

As we continue on this road,  
we finally understand the importance  
of our hard work and effort.  
We are at a point where we realize  
that the true friends we have made  
in the last three years are priceless.

These are the people  
who laugh with us,  
wipe our tears when we cry and  
hold our hands when we fail.

With these people  
and with the help of our peers,  
our last years at King Philip  
will be remembered always.

## WHAT IS THE BEST THING ABOUT JUNIOR YEAR?

There are many new and great experiences this year. The responsibility that precedes senior year is fun.

**-Paul Ashman**

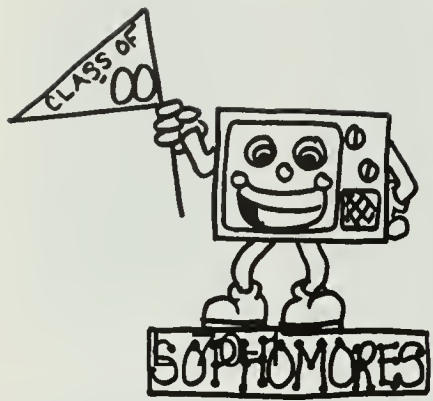

Only one year until we leave K.P. and go to college.

**-Kim Dziurdz**

Class officership because it gives you a new experience to lead your class.

**-Mike Bading**

We are now  
at the half-way point  
in our voyage,  
and have grown  
accustomed  
to King Philip.  
Over the next two years  
our lives will change  
and grow before our eyes,  
as we leap over  
the obstacles we encounter,  
and live our remaining years  
at King Philip  
to the fullest

## WHAT WAS YOUR FIRST THOUGHT UPON ENTERING HIGH SCHOOL?

My first thoughts were, *Where do I go?* and  
*Who is going to stop me from getting there?*

- Brian Allaire

My first thought was that the upper  
classmen were going to be really mean, but  
they're not.

# WHAT WAS THE BIGGEST ADJUSTMENT YOU MADE GOING FROM THE JUNIOR HIGH TO THE HIGH SCHOOL?

The biggest adjustment was that the junior high was a square and the high school is a bigger square with many more halls.

**-Heather Bronsdon**

The biggest adjustment changing from junior high to high school is that you are not around the friends that you were with everyday of junior high. Many people go different ways.

## WAS IT HARD TO FIND ALL YOUR CLASSES ON THE FIRST DAY?

No, it was not hard to find all my classes because a great person (a junior) was kind enough to befriend me and show me around the day before.

**-Jayme Fitzgibbon**

Was it hard? I was lost for a week! The worst time was when I got lost in the senior hall the second day of school!

**NUMBER ONE!**  
This is just one of **Mr. Boucher's** lively freshman gym classes. Phys. Ed. used to be a four year requirement. Now, however, it's a requirement for only freshmen and sophomores and can be an elective for upper-classmen who want to be gym aides.

**HOLD UP!**

**REMEMBER THE GOOD OL' JUNIOR HIGH?**  
The people in this junior high class probably have fond memories of their last two years at K.P. Worth. But nothing will equal the great memories they will leave K.P. with just three short years.

**HI, MOM!**  
One of the agonies of being a freshman is having to call home when you need a ride. Elizabeth Burger and Micah Jackson are stuck at school after a track meet until Mom or Dad can get there.

IF YOU COULD PLAY A ROLE IN A  
MOVIE OR TELEVISION SHOW,  
WHICH WOULD IT BE?

Bond-He gets all of the luck.

**-Mike Clinton**

Belle in *Beauty and the Beast*, because it's such a wonderful, classic story of looking beneath someone's skin.

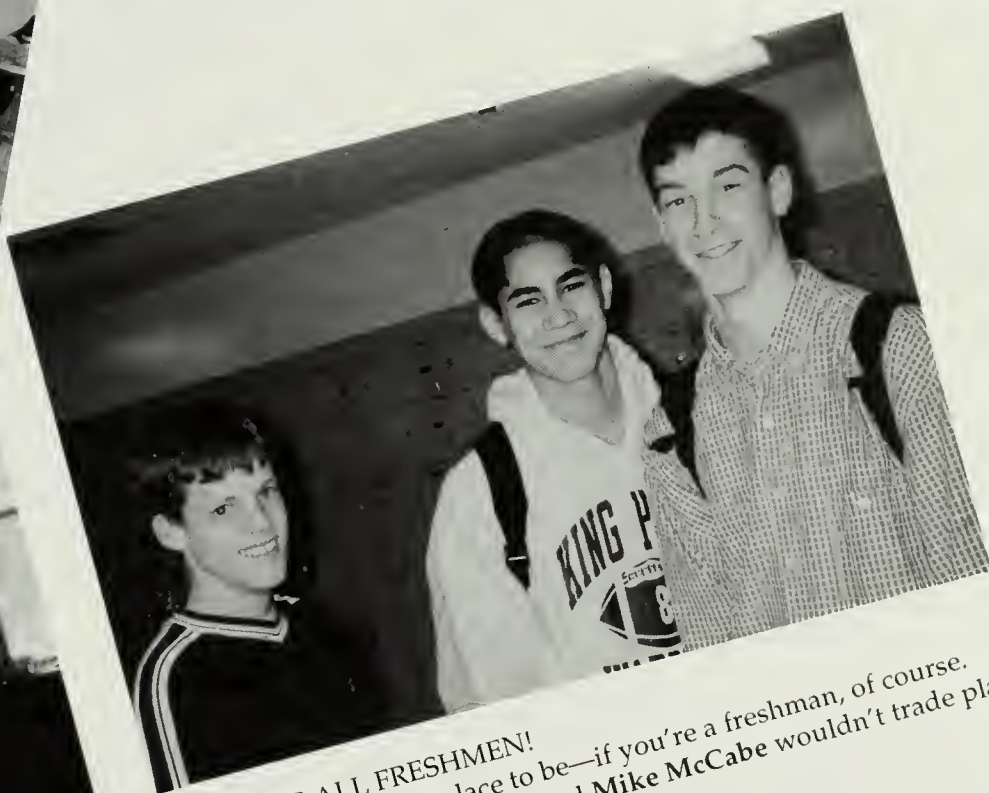

**-Becky Pelrine**

#### TENNIS

WE WON!

Teammates **Jennie Boylan** and **Kim Hadfield** congratulate **Patty Cronin** after pitching a great game. Patty pitched 55 innings for the Warriors this season, fanning 37 and walking 7. Patty also made the 1997 All Hockomock Softball Team.

RUN, FORREST, RUN!

One hundred percent of her attention is focused forward as **Becki Tower** sprints for first.

## Softball

# Summer Games

The 1997 Girls' Softball Team had a very successful season under the direction of **Coach Hartley**. With an overall record of 13-7, the team advanced to the MFAA State Tournament. After a win over Barnstable, King Philip went on to play Taunton. Despite the 4-3 loss, a great effort was put forth by all of the girls. The

King Philip softball program is working towards excellence and striving for the best in the seasons to come. Being a young team, the future looks bright with returning seniors **Jennie Boylan** and **Kim Hadfield** and junior **Patty Cronin**. Their efforts and the team's confidence will be a great asset to their success in the 1998 season.

l Jen Fontan placed,  
well as many others.

The Girls' Spring Track Team finished with a record of 6-2, their losses coming from Foxboro and North Attleboro.

The girls had strong season performances from juniors Kaitlin Seigenberg, Kara O'Neil, Katie O'Connor, Sarah Afarian, and Lauren Hurley. With the graduation of key seniors such as Kim Lenox, Kristen Neviackas, and Taryn Kenney, Coach Bremer is expecting the underclassmen to step up. Among the promising talent

are Linnea Tatupu, Erin Nowack, Allison Milld, Grace Becker, and Kristin Hurley.

The girls have had superb success in the Hockomock League in the past few seasons, Dual Meet and League Meet Champions in 1994 and 1996 and League Meet Champs in 1995. All the while, they have had a great time demolishing the opposition. With the depth the Warriors possess, they should continue to be a team to beat.

## Girls ' Spring Track

### LET IT GO

A struggle for her personal best leaves Vicki Tower with high hopes. She remained KP's third thrower in shot put, also competing in javelin and discus.

### APPROACHING THE FINISH

The lead is sustained by Leanne Giusti over the last hurdle in the 100m hurdles. She completed the season trying her hardest and pulling ahead of her opponents.

#### GOING THE DISTANCE

In the mile race, **Paul Ashman** keeps an edge on his Oliver Ames opponent. As a determined runner for KP, he ran the one and two mile races.

#### HERE WE GO

As a one and two mile runner, **Aaron Afarian** does wonders for the team! In the majority of the meets, he ran varsity and performed well.

### Boys' Spring Track

## Thirty Something

The boys finished the season with a record of 6-2, suffering defeats from North Attleboro and Sharon. The team had a strong list of individuals that they could be sure to count on, including **Peter Pollard**, **Jeremy O'Hara**, **Max Mucciarone**, **Mike Maloney**, **Josh Davis**, **Aaron Afarian**, and **Paul Ashman**. With the graduation of **Dan Delaiarro**, **Kevin McCollough**,

**Todd Hession**, **Nick Nolan**, and **Shaun O'Neil**, **Coach Boucher** continues to encourage his team to strive to become the best they can be.

The boys were declared the League Champions during the winter season, and continued to display the determination required to be a top team in the league. **Coaches Boucher** and **Kramer** are looking forward to another successful season.

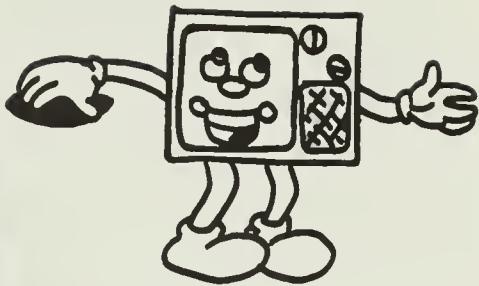

#### HIGH FLYING!

Completely extended, **Jeremy O'Hara** stretches for a few extra inches. Although the long jump was not Jeremy's primary event, he placed numerous times throughout the season.

LET ME HEAR YOU SAY J-O!  
As **Jeremy O'Hara** launches the javelin, he hopes to continue to place in every dual meet. He ended up placing sixth in the League, with a personal best of 172' 8.5".

KEEP ON TRUCKIN' SCRAPPY  
To prepare for his one mile race, **Phil MacNeil** warms up around the track. He is an example of a true athlete who always tries, no matter what the circumstance is.

DOUBLE TROUBLE!  
Two of the KP coaches, **Coaches Kramer and Boucher**, try to rework the line up so that the boys will win. All of their work and contributions resulted in a winning track season for the boys.

## Boys' Tennis

# Night Court

The Boys' Tennis Team began its rebuilding process in 1996, and found out how bright the future truly is. **Coach Tassinari**, in his first year, had a young, competitive team, who had a strong work ethic and enthusiasm which carried them to a 4th place finish in the Hockomock League. Captains **Jason Krouk** and **Keith Peterson**, along with freshman sensation

102 **Aaron Bourke**, were solid at

all three singles spots, while **Craig Blinten**, **Andrew Drowne**, **Bill Keighley**, **David Bluhm**, and **Jim Cassidy** performed well in the doubles positions. Led by next year's captains **Craig Blinten**, **Aaron Bourke**, and **Andrew Drowne**, **Coach Tassinari** is expecting the team to compete seriously for a 1997 Hockomock League Championship, although they will still be in a rebuilding process.

**THE ATHLETE'S FOOD**  
Prior to the opening serve, junior **Dave Bluhm** munches on a few potato chips. These carbohydrates helped play a role in the outcome of the match.

**I GOT IT**  
Wearing his wind pants on a chilly afternoon, **Andrew Drowne** pulverizes the ball. Andy will continue to help the Warriors achieve a winning season next year.

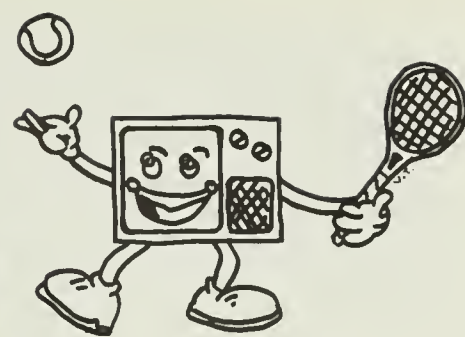

#### NO PROBLEM

An easy bounce for **Andrew Drowne** is returned with a forehand. Despite the pressure of the game, Andy continues to keep his composure during the crucial part of his match.

#### I'M READY

Prior to the start of a match, **Tim Mele** stares down his opponent. Tim proved too much to handle through the majority of the season.

#### WHAT WERE YOU THINKING?

# Fall Captains

## FOOTBALL

The Football Team had a better season this year, than they have had in a long time. Part of their great season is due to the outstanding leadership of their captains, **Ryan Denerley, Mike Cameron, John Darling, and Josh Turcotte.** The football team really worked hard to accomplish much of their success.

## GIRLS' CROSS COUNTRY

The Girls' Cross Country Team had an incredible season, winning the Hockomock. Their captains inspired their team to work hard, gaining the necessary endurance for running distance. Seniors **Katie O'Connor and Beth McLacklan** and juniors **Marit Davies, and Cathy Bright** helped keep their team united.

## GOLF

**Tony Lorusso, Brett Heffernan, and Andy Chick** are the captains of our prestigious golf team. To become better skilled at their techniques they have practiced everyday after school at the Franklin Country Club.

## BOYS' CROSS COUNTRY

You can always find these boys running around town after school. **Peter Pollard and Mike Maloney** are truly dedicated to the sport of running. The rest of the boys on cross are just as determined and it shows from their great season.

#### GIRLS' SOCCER

Soccer players are known for their extreme devotion and aggressive behaviors. They love planning team activities to get psyched for the game. At the head of these activities this year were **Sarah Afarian, Lauren Hurley, and Jenni Boylan**. These captains were always there to help out their teammates, either with moral support or actual physical support.

#### CHEERLEADING

Even in the coldest weather these girls are smiling pretty and cheering for their football team. They have tremendous enthusiasm and spirit. The fall pep rally was a big success, thanks to **Lauren Miller, Carolyn Gately** and the rest of the cheerleaders.

#### BOYS' SOCCER

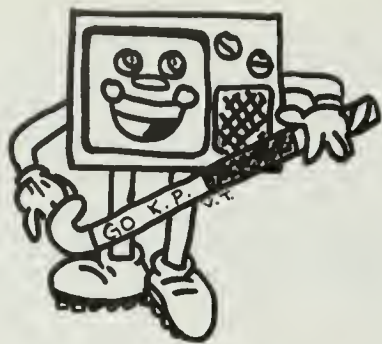

These three guys, **Craig Blinten, Dave Miles and Eric Greene** will be remembered as great captains for this year's soccer team. With fancy footwork and lots of stamina the soccer team impressed us all with their season.

#### FIELD HOCKEY

Each of the three field hockey captains brings her own unique talents to the team.

**Maggie Henderson, Julie MacPherson, and Jessie Greene** gave much time and effort to support and excite their team.

Several players were injured this season, making way for several new starting sophomores. The younger players on the team steadily improved on their skills.

The future looks great for the team because of the experience of the young players, as well as the winning record of the Junior Varsity and Freshman Teams.

This year's field hockey season was definitely a building year, having only three starters remaining from last year. The girls steadily got better, day by day, game by game, eventually tying many games. Most of the last matches were one goal losses.

The Girls' Varsity Soccer Team made history by winning the first Hockomock Championship in Girls' Soccer. The team was led by Senior Tri-Captains **Sarah Afarian, Jenny Boylan, and Lauren Hurley**. KP had the highest scoring offense in the league, pouring in 89 goals past their opponents' goalkeepers. The defense, midfield, and goalkeepers controlled the

majority of play and allowed only 11 goals in - the lowest in the Hockomock. KP has become one of the premier programs in the state. The seniors will be dearly missed, but with only 3 spots to fill on the roster, 1998 looks like it could be another great year for the girls. Congratulations on an outstanding season and good luck in the future.

**AIRBORNE**

## Boys' Soccer

# Concentration

The 1997 Boys' Varsity Soccer Team, under the direction of second year **Coach Tassinari**, fell within one point of repeating as Hockomock League Champions. After a history-making 1996 season, which saw the KP Boys' Soccer Team capture the first League Championship in the school's history, KP came back with another one of its finest seasons finishing 12-2-2. This veteran team had several seniors, many who never played a varsity game until this year. Although losing several key seniors to graduation, suffering several

key injuries, and not being expected to compete again for a championship, KP was still able to put together another remarkable season. Captain **Eric Greene** was the Hockomock, League Scoring Champion, as well as a League All-Star. Junior **David Elliott**, Captain **David Miles**, and goalkeeper **Jeremy O'Hara** also represented KP on the League's 1997 All-Star Team. Overall KP scored 41 goals while only allowing 10, and once again qualified for the MIAA State Tournament (ranked 8th in the South Region).

## Boys' Cross Country

# Route 66

The King Philip Boys' Cross Country team enjoyed great success this season. Their only loss was to rival Oliver Ames.

At the end of every race the team had a strong pack of finishers, runners like **Peter Pollard**, **Dan Pennini**, **Aaron Afarian**, **Paul Ashman**, **Mike Maloney**, and **Will Raymond**. Despite the one loss in the season, the

boys were still considered one of the top teams in the state.

With the graduation of many top runners, **Coaches Boucher** and **Kramer** are expecting the underclassmen to pick up their level of running. They expect to continue to be a top contender for the League Title. Congratulations on a fine season and *Let the tradition continue.*

# The Masters

The 1997 King Philip Golf Team under **Coach Cosentino** finished the season with a record of 0-15-1. Captains of the team included **Tony Lorusso** and **Andy Chick**. They displayed the leadership necessary to help run a team.

With the graduation of **Anthony Lorusso** and **Brett Heffernan**, **Coach Cosentino** will again look to Andy in a leadership role. He will also be expecting **Justin Guard**, **Jeff Viola**,

**Stan Lewicki**, and **Frank Garofalo** to step up.

The team improved their depth with the addition of **Mike Kenney**, **Chris Smith**, and **Scott Wardner**, all coming out for the team as freshmen.

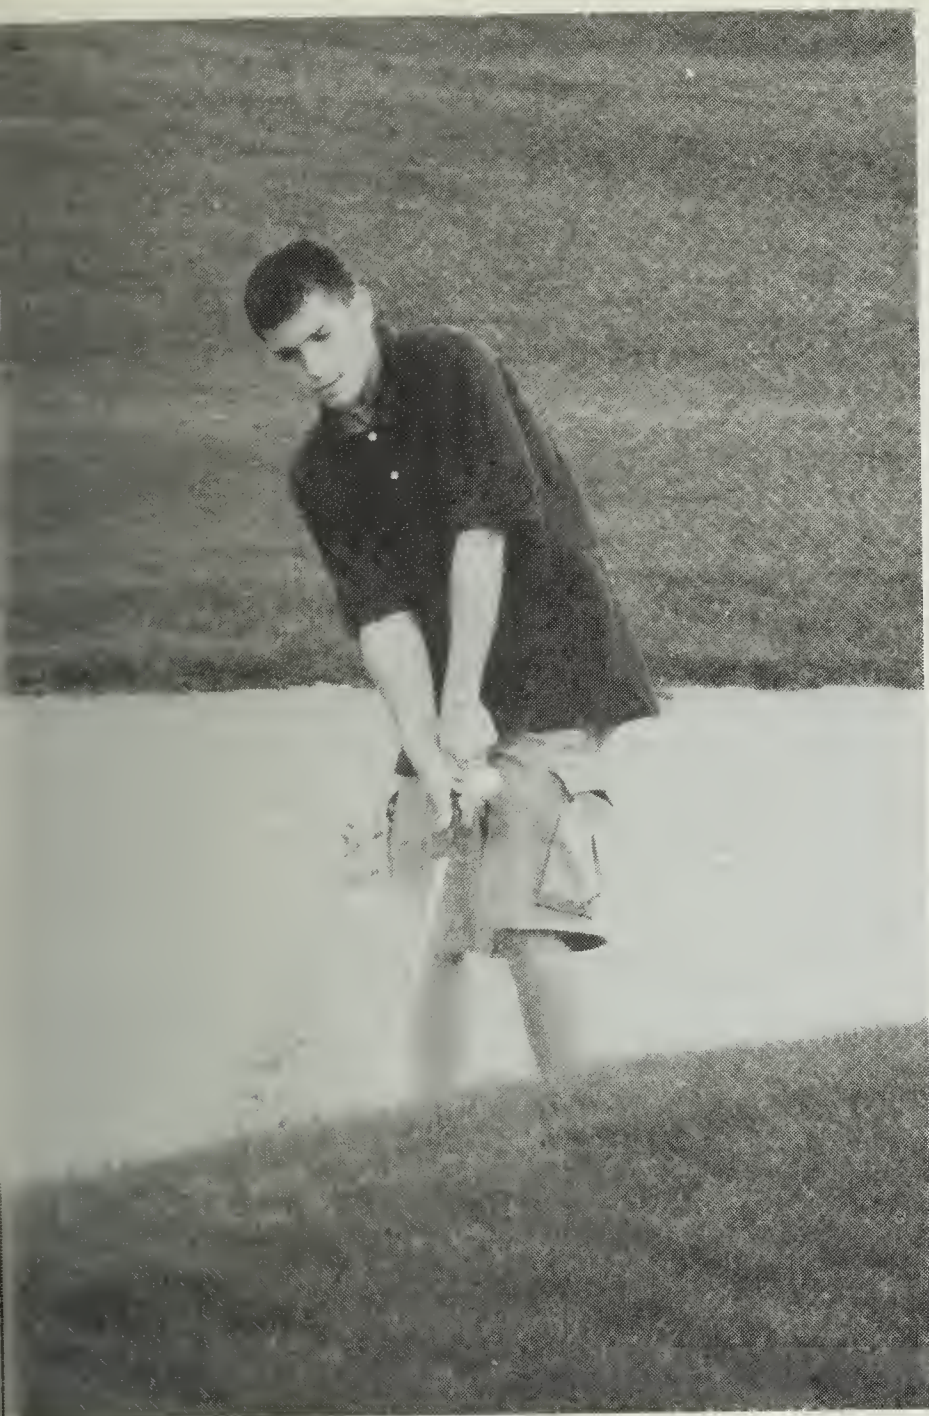

The team consists of young, undeveloped talent which will continue to improve as the years go by. **Coach Cosentino** is looking forward to developing these talents in the next few years.

#### CAPTAINS

This year's captains are **Carolyn Gately** and **Lauren Miller**. Throughout the season, they showed true leadership qualities as well as great smiles.

#### TAKE FIVE

In the middle of one of their tough practices, the girls take a short break to relax. The hard work at practices paid off during the games as they performed their cheers flawlessly.

## Fall Cheerleading

# Golden Girls

During the 1997 season, the King Philip Fall Cheerleading Squad showed much spirit as they cheered on the football team. Under the guidance and direction of **Coach Buchanio**, the girls had a fun, yet challenging season. The squad was faced with several problems at

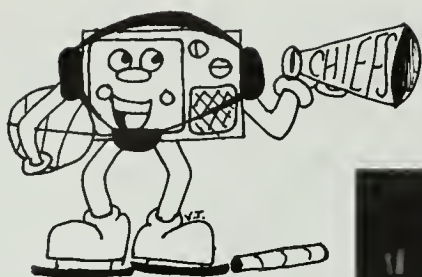

the beginning of the year. Many of the girls were either sick or injured. Despite these problems, they never lost their passion or pride. Their enthusiasm was clearly seen as they cheered the team on from the sidelines no matter what the conditions were.

#### THE PRICE OF CHEERING

During the Homecoming game against the Stoughton Knights, **Jennifer Leach** and **Becky Stanley** cheer the football team on from the sideline. Whether it was sunshine or rain, these girls gave it their all.

# Winter Captains

## ICE HOCKEY

Hockey is a rough sport, but these three guys do not seem to mind. **Dave Purpura, Keith LaValley, and Dave Lehan** were the ice hockey captains this year. Practicing at 5 in the morning is no easy task, but these determined guys made sure their teammates arrived on time. This dedication paid off, and the hockey team had a great season.

## GYMNASTICS

Gymnasts need to be committed, and hardworking, not to mention flexible. **Adriana Ouimet and Justine King** are the two flexible captains of gymnastics. They were, however, not flexible about hard-work. They know practice is a must to be a good gymnast.

## GIRLS' WINTER TRACK

**Lauren Hurley, Sarah Afarian, Katie O'Connor, Kaitlin Seigenberg** exhibited amazing school spirit and leadership qualities, throughout their four years at KP.

## BOYS' BASKETBALL

Point guard **John Darling** and center **John Verdeaux** made a great team on and off the court this year. They make up for their differences in height by their similar attitudes towards the game.

#### BOYS' WINTER TRACK

These four boys may look goofy now, but they really can run. This year **Eric Greene**, **Max Mucciarone**, **Dave Miles**, and **Peter Pollard** led the Boys' Track Team through a great season. These guys know what it means to work and practice hard. For this reason, they are not only respected for their determination, but also for their great attitudes.

#### WRESTLING

These guys continually practice to stay in the physical condition required by this demanding sport. **Michael Chute** and **David Fogg** are this year's Senior Captains. Mike states, *Hard work will bring the team to where they want to be.*

#### CHEERLEADING

may have some ups and downs, but King Philip's Winter Cheerleaders have too much spirit to care about the downs. **Beth Goodblood** and **Racey Lefebvre** are the captains this winter. Go! Team! Go!

#### GIRLS' BASKETBALL

This year's captains, **Kara O'Neil**, **Kim Hadfield**, and **Shannon Brock**, brought their team together in order to have a fantastic season.

For the first time in King Philip history, the Girls' Basketball Team won the Hockomock League Championship! With a record of 16-2 in the league, the girls displayed determination and hard work all season.

The team started off the year with a record of 8-0. The Boston Globe ranked the girls' team 5th in the Top 20 teams in Eastern Massachusetts. Over Christmas vacation, the team won the Norton Tournament, with **Kara O'Neil** earning MVP honors and **Kim Hadfield** and **Patty Cronin** being chosen for the All-Tourna-

ment team.

**Sarah Pavidis** continued to improve throughout the season, and **Shannon Brock** remained consistent and played an important role all year. **Becki Tower** had some really big games for the team and **Beth Conroy** worked hard on the boards. This was **Kelly Wardner's** first year on varsity, but she helped the team in many ways.

Everyone on the King Philip Girls' Basketball Team contributed a great deal. The team also qualified for the State Tournament for the 4th consecutive year! Good luck girls!

#### RUNNING THE SHOW

As captain and point guard, **John Darling** brings the ball down while directing the offense. He showed great leadership and shared his determination with the team.

## Boys Basketball

# Hang Time

The Boys' Basketball record for this season does not tell the whole story. This year the team was young and somewhat inexperienced, but what they lacked in experience they made up for in effort and commitment. As reported by captain **John Verdeaux**, *Everyone took pride in the team and put forth a positive attitude.*

**John Darling** and **Verdeaux** made great role models and leaders. They treated all the players as friends, as well as teammates. The two captains not only improved their team, but they also worked hard to improve themselves. Over the past four years, **Verdeaux** has become a much stronger and more knowledgeable player. This year he led the team in scoring and in rebounds. Point guard **Darling** led the team in assists. During each game he played his heart out and was a real inspiration when it came to being mentally tough and prepared for the game.

The juniors on the team were important contributors.

**Luke McCullough** played tough defense, which kept K.P. in the games. He also lead the team in free throw percentages. **Erik Beloff** came off an eleven game suspension to help the team in scoring and in rebounding. **Matt McCabe** transferred to K.P. just this year. His determination enabled him to get the job done in every game he played.

There were also three sophomores on the team, who made outstanding contributions. **Mike Costello**, was a good inside presence in the paint and knew how to run the floor.

**Brian Hamlin** also had a strong presence throughout the games. He was a very strong and aggressive rebounder. **Mark Kenney** has made great strides from last year. Throughout the whole season he was able to make key shots.

Freshman, **Mike McCabe**, immediately took a varsity starting position. He is an excellent shooter and should have a great impact on the team in years to come.

#### JUNIOR VARSITY

## DEDICATED LEADERS

Captains **Alyssa Delaiarro**, **Adriana Ouimet**, and **Anne Marie Pfeffer** are great role models, teammates, and motivators. They work strenuously with the team nightly to plan their routines.

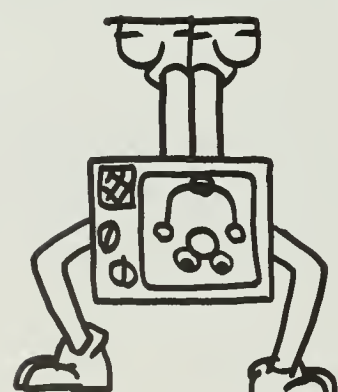

## STRENGTH ARMSTRONG

Junior **Rachel Kelley** stretches backward in an attempt to complete her back walkover on the high beam. This, among many other elements, is what boosts the team's score.

## BENT OUTTA PLACE

Sophomore **Rhianne Crowley** shows her flexibility on the floor. Rhianne is among the many gymnasts who can bend the way most of us can only dream of.

#### LOWNING AROUND

Jen Monty, Adriana Ouimet, Amy Smith, Lauren Woessner, Kate Martin, Alyssa Delaiarro, Jessie Morse, Tara Nyborn, Jen Krewko, Anne Marie Pfeffer, and Rachel Kelley pile on top of each other prior to a meet.

The girls gymnastics team again enjoyed a successful season under **Coach Buffy**. The team's captains, juniors **Alyssa Delaiarro** and **Anne Marie Pfeffer**, along with senior **Adriana Ouimet**, provided the encouragement and support necessary for success.

The high beam, floor exercise, vault, and uneven bars all provided challenges which were met with enthu-

siasm by each member of the team.

Other members of the team were **Holly Ciavattone**, **Jen Krewko**, **Jesse Morse**, and **Rachel Kelley**. Each one of these members will be back again next year to watch the team prosper.

The team had immense depth and will continue to show improvement in upcoming years.

#### CHILD'S PLAY

Freshmen **Kristen Kehrmeyer** and **Rachel Marcotte** pose creatively for the camera. This is one of the few times the hard working team gets to take a break.

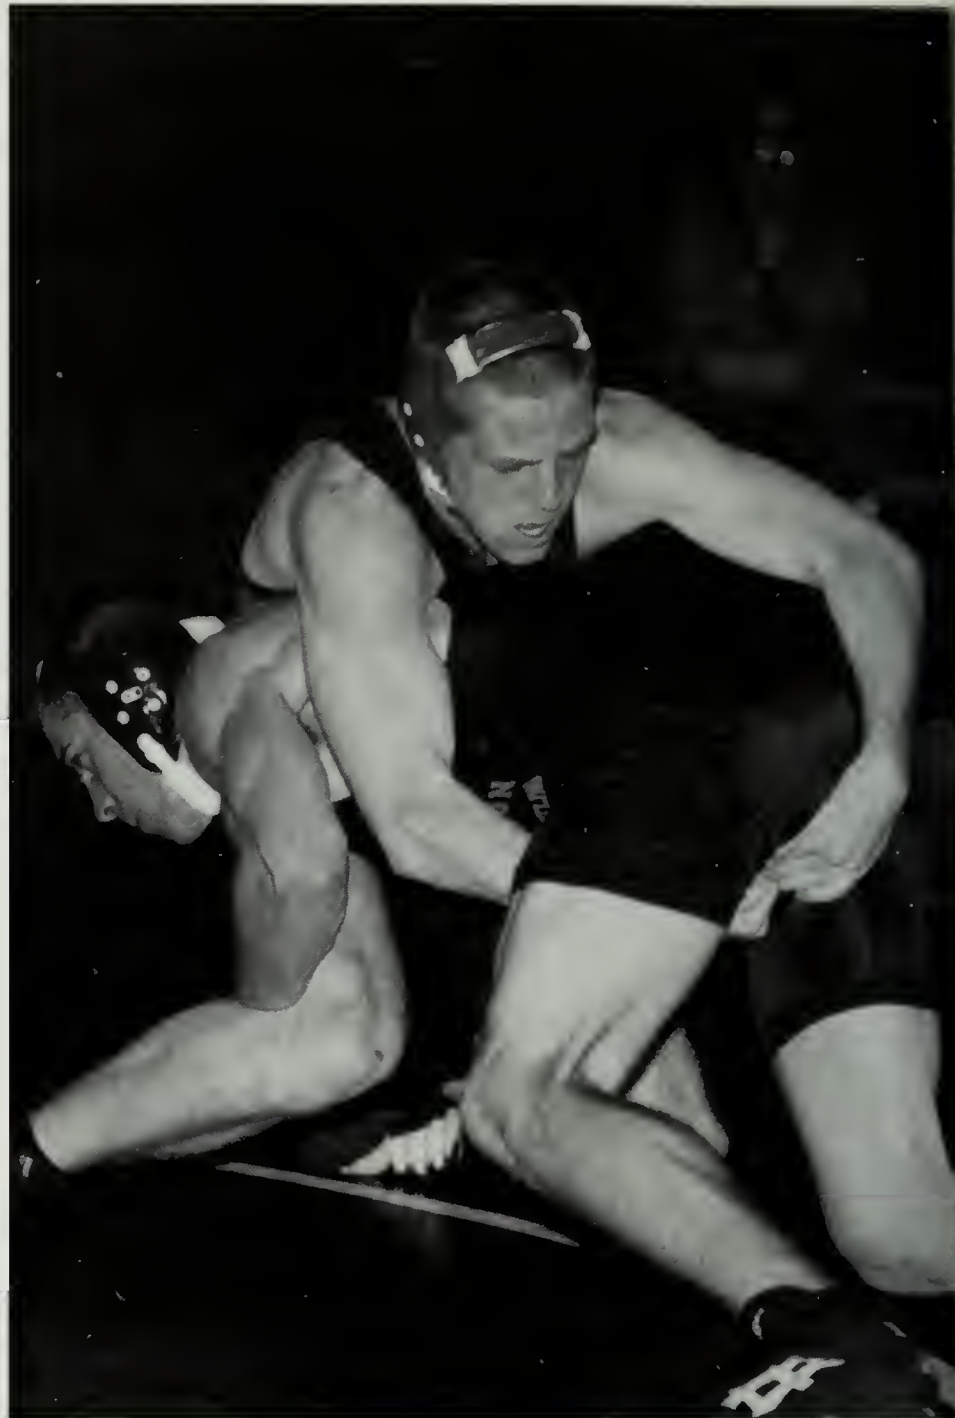

#### FLYING HIGH

The uneven bars is one of the toughest events in gymnastics. It requires strength, endurance, and excellent hand-eye coordination as **Jen Monty** clearly demonstrates here.

OVER AND UNDER  
Co-Captain sophomore  
**Matt Poletto** attempts to force his  
opponent to his back. Matt has  
proved to be an excellent tactition.  
He always is able to nail his moves.

I AM NOT GOING DOWN  
Senior Captain **Mike Chute** clutches  
his opponent to avoid being taken  
down. Mike was incredibly quick  
off the whistle and constantly took  
advantage with his *fire* feet.

## Wrestling

# Royal Rumble

The 1998 King Philip Wrestling Team consisted of a mere nine individuals. As a result, they were forced to forfeit many weight classes. But the tenacity they displayed went unmatched. Each punishing practice proved worthwhile.

The 103 pound freshman **Ben Sias** immediately took a varsity spot. **Matt Sanchez** continued to improve throughout the season in the 189 pound class. **Jed Perry** also proved an asset to the team claiming the 215 class. Late in the season the team was fortunate enough to gain **Mike Walsh**. These four freshmen are the future of the team and will help the team prosper.

The sophomore class is represented by three veterans, **Bob Carey**, **Nick Katapodis**, and **Matt Poletto**. Bob and Nick alternated the 152 class while Matt claimed the 160 class. The trio had an impressive win column

and countered it with few losses.

Senior **Mike Chute** continued to take advantage of his explosive hips to power past the opposition. After the graduation of Mike, the Chutes will continue to remain a part of the program with Mike's younger sibling, **Richie**. Richie has taken an active part in the sport for the past two years and will surely take a varsity spot next year.

Senior rookie **Mike Maloney** made his debut this season. Mike switched sports this winter and immediately claimed the 171 class.

The coaching staff was superb. **Coach Lasky's** experience went unmatched. The team was very fortunate to be exposed to new and challenging moves on a daily basis. **Rocky Lovely**, a former K.P. standout also assisted Lasky in the coaching corner.

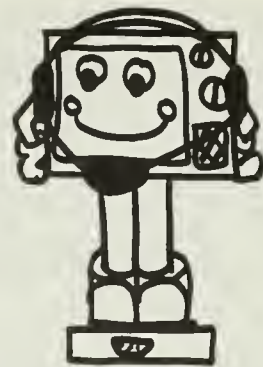

I BELIEVE THE WEIGHT ROOM IS THAT WAY  
Yes, the King Philip wrestlers are buff. **Matt Poletto**, **Mike Maloney**, **Mike Walsh**, **Bob Carey**, and **Mike Chute** strut their stuff. Even wrestlers need to goof off after a grueling session of practice.

**JUST RELAXING**  
Mike Maloney gives his opponent no place to go, but down. Mike placed fourth his first year at the Hockomock Championship because of his commitment to the team.

**ON YOUR KNEES**  
Freshman Ben Sias finishes his take down, for two points, with a strong thrust. Ben continued to improve as the season progressed and will certainly be an asset to the team in the future.

**WHO IS THE MAN IN THE MASK?**  
After breaking his opponent down, Bob Carey successfully attempts to run a pipe wrench. Bob has truly been an inspiration. His refusal to lose is a very admirable trait.

**GIVE ME A HAND**  
Newcomer, Jed Perry, receives a helping hand after an especially tough match. Jed is in a very tough weight class and has demonstrated the potential needed to be successful.

The King Philip Girls' Indoor Track team once again had an extremely successful season. Led by **Coaches Boucher, Kramer, and Sorrento**, the girls ran, jumped, and threw their way towards their fourth consecutive Hockomock League Championship.

The Seniors Captains on the team, **Sarah Afarian, Lauren Hurley, Kaitlin Seigenberg, and Katie O'Connor**, and senior teammates **Cathleen Collins, Sarah Conley, Vicki Tower, and Justine King** have never lost an indoor track meet. Conley, Tower, and King were part of the shot put team that swept that event in the team's most important meet of the

season against Franklin. Collins was the team's top hurdler this year, and Seigenberg once again shone in the sprinting events by winning the 50 meter and 300 meter races numerous times. O'Connor, Hurley, and Afarian were three of the team's top distance runners as they cruised to many victories in the 600 m., 1000 m. and the 4 by 400 m. races.

The team finished its tri-meet season with a 7-0-1 record (including a tie with Franklin) and share a Hockomock League Championship with Franklin. Throughout the entire season the team worked extremely hard to achieve their victories, and certainly there will be many more in the years to come.

#### READY TO ROCK THE HOCK

After the girls claimed the Hockomock title for the fourth consecutive year they celebrate on the return home. They have worked long and hard to achieve many personal and team goals. The seniors can now graduate with a record of 31-0-4.... Congratulations.

**AHEAD OF THE GAME**  
Notice how frustrated the Mansfield runner looks, and how confident our runner, **Peter Pollard**, looks. Peter has excelled not only in the league, but in the state, as well.

#### THROW FAR

Senior **Brian Murphy** propels the twelve pound shotput forward. In his hands, shot put looks like an easy event. Brian is one of King Philip's best throwers.

#### OFF TO A NICE START

Ryan Clutterbuck races to the finish with great speed to beat the school record in the 50 meter dash. In such a short race there's no time to make a mistake and recover to win.

ONE..TWO..THREE...JUMP!

With ease and skill, senior Max Mucciarone clears the high jump. Max has been an important member of the track team for four years, serving this year as one of the four captains of the team.

## Boys' Winter Track

# Speed Racer

The Boys' Indoor Track Team again captured the Hockomock title with a league record of 8-0. The team's captains consisted of four veterans, Max Mucciarone, Peter Pollard, Dan Pennini, and Eric Greene.

Coaches Boucher and Kramer again took control this season as the coaches of the sprinting and distance teams. Coach Sorrento continued to improve the muscle mass of his throwers as the weight coach. The team's large size went

unmatched throughout the league and most of the state. Other seniors included Greg Croteau, Matt Gibson, Brian Murphy, Jeremy O'Hara, Ryan Clutterbuck, and Alex Yeremenko.

The depth of the team was immense. Chris Wagner provided the team with an extra boost, as did Paul Hasenfus, Josh Davis, Andy Croteau, and Aaron Afarian. With depth like this, the continued success of the team is inevitable.

## THIS ONE IS MINE!

Assistant Captain **David Purpura** is determined to get control of the puck. Dave's defensive abilities were greatly appreciated by the team.

GETTING NOTHING IN

David Lehan demonstrates his great goal-tending skills as he stops another puck from going into the net. David is a team leader and the Second Assistant Captain of the Warrior team.

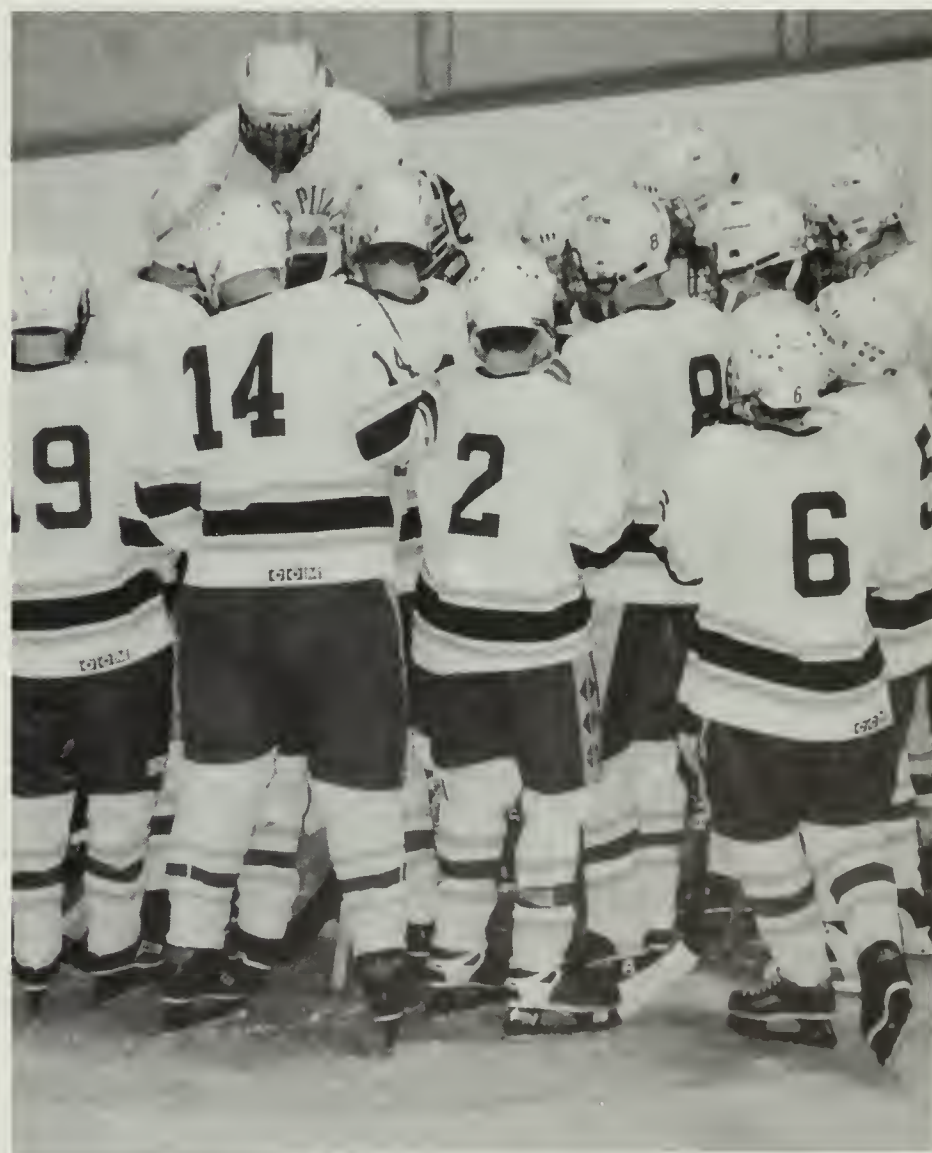

Led by the captain and only senior, **Keith LaValley**, the Warriors had a very solid rebuilding season. Their year began with KP's historic first-ever victory in the Bellingham tournament beating them 7 to 3. Tying a well-respected team such as Canton gave them a boost to start the second half of their season. Assistant Captain **David Lehan**, KP's starting

goalie, played solidly all year with help from hard-hitting, all star defenseman **Jarrold Hagen**. They were able to keep KP in every game. The Warriors' future looks very bright with such young talented players as sophomores **Jim Demone** and **Brian Muse** and freshmen **Jamie Marks** and **Eric Boulter**.

# Mighty Ducks

#### LET'S GO GREEN AND GOLD!

**Brandy Mackey** and **Vicki White** give a loud cheer for the boys. These two girls have been cheering for three years and really know how to get the crowd going.

## Winter Cheerleading

# Sweet Valley High

The 1998 Winter Cheerleading season has been awesome. With 17 girls on the team, this squad has been the largest K.P. has had in a while. It is also one of the most talented squads. They have been able to successfully execute many cheers, mounts, and a great half time dance.

The cheerleaders also put on a great winter pep rally in January. The team demonstrated some of their skills by performing dance routines before the entire school.

The two captains, **Beth Goodblood** and **Tracey Lefebvre** and the other seniors, **Diana LaPointe**, **Heather Kress**, and **Samantha Kress** have led the way helping the new members learn their cheers.

**Coach Carneiro** wants to wish the best of luck to the seniors in college next year and offers congratulations to all of the 1998 Winter Cheerleading Squad on an excellent season.

#### WE'RE GONNA GET YOU!

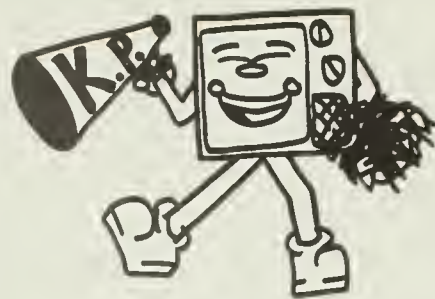

These cheerleaders have always been good at intimidating the other team. This year's squad has been the largest KP has seen in a long time. The squad adds noise and enthusiasm during all of the boys' home basketball games.

#### SENIOR FORCE

The center core of the Cheerleading Squad is made up of these five girls. These seniors were the strength and stability of the cheerleaders this season.

#### GROUP HUG

This group of girls stuck together no matter what. They always kept the crowd cheering and never let the Boys' Basketball Team give up.

#### GIRL POWER

The underclassmen take a break on the bleachers while warming up for the Winter Pep Rally. With only five seniors on the team, most of the work rests on the shoulders of the juniors, sophomores, and freshmen.

#### TEAM LEADERS

Prom night is the night when boys and girls come together to show everyone how they look. Dave Bluhm and Allison Rice made a very cute couple.

## Fantasy Island

### 1997 Prom

The 1997 Prom was held at the Mansfield Holiday Inn.

As expected, it was an elegant evening filled with fun. The theme of the Prom was *We've Got Tonight*.

The court included juniors

Kara O'Neil and Jennie Boylan, and seniors

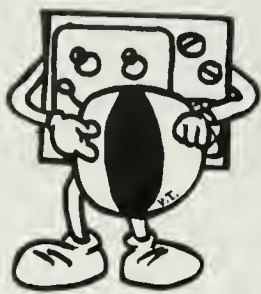

Patty Kuta and Laurel Menfi.

The king and queen, Shaun O'Neil and Kim Lenox, ruled over all.

As KP students danced all evening, they promised to remember this night forever.

**JUST THE BOYS:** The Prom is the best time to catch all the guys wearing ties. Keith LaValley and Ken Rooney take a moment away from the ladies to make permanent memory.

#### SUMMER FUN

Poolside is by far one of the best places to spend a hot day. Amy O'Connor, Shannon Brock, Jenni Allen, Tracey Lefebvre, Beth Goodblood, Megan Lloyd, and Diana LaPointe spent the day meeting in the pool.

#### FRIENDS FOREVER

You can never go wrong with an end-of-summer pizza party. Lisa Scarnecchia and Colleen Nolan had their last piece of pizza before returning to KP.

#### PLUMBER GIRLS

#### DOUBLE TROUBLE

Stefanie and Chrissy Flynn give Josh Davis a quick hug for a picture.

#### 146 BEACH BUNNIES

Girls never fail to designate one day as a beach day. Sarah Clapp, Tina Sullivan, Keely Monahan, and Jessie Greene take some time to bask in the sun.

#### DRESS UP

Just another one of those times when boys get a little bit too into the dress-up game. **Jon Bluhm, Steve Shaw, and Kyle Fiske** let their crazy personalities show.

#### PRIMA BALLERINA

Future male dancer? **Chris Darling** puts on the appropriate wardrobe before showing the skills nobody knew he had.

## Baywatch

For two months we enjoy the absence of bells, homework, and the busy chatter of the halls.

We bask in the warm sun and keep busy with vacations, friends, and summer jobs.

The final days of August come far too quickly, as we say good-bye to our nameless days and prepare for the school year.

### Summer Fun

#### BUDDY BREAK

**Mary Caulfield and Lindsay Hannon** take a break from the field and say hi to the camera.

#### JUST A MINUTE

**Erin Nowak** takes a rest before hitting the field again. Double sessions made for a very long day especially during the last week of August.

#### TOGETHERNESS

The field hockey team gathers together on the last day of camp to accept awards and prepare for the season ahead.

Once again the seniors prevailed over the underclassmen at Class Competition. Decked out in all green, the seniors dominated the exciting night.

All four grades competed in events such as the 3-legged race, crab race, volleyball, and sack race.

In second place, far behind the *Green Machine* were the sophomores, freshmen, and juniors.

Regardless of the outcome, a good time was had by all.

## Double Dare

# THE INCREDIBLE HULKS

The strength of the senior class was too much for any other team to handle. As always, the seniors proved to be the strongest as they defeated the other grades in the tug-o-war to take home the prestigious title of 1997 *Class Competition-Champs*.

# PIGGYBACK

**Amy O'Connor** and **Eddie Lyons** prove that the piggyback race is not as easy as it looks.

# DRESSED IN FIRE

Every year the junior class decks out in red clothing and face paint. This year's class was no exception.

**THE HOMECOMING COURT**  
Voted upon by their classmates, the court members were Jay Roach, Kara O'Neil, Beth McLacklan, John Darling. The king and queen were Chad Guay and Jessie Greene.

## Home Matters

The students of K.P. let their spirit shine brightest during the week of Homecoming.

The gym was covered with decorations while students poured in for the pep-rally. The juniors claimed victory for the second year, with the highest number of participants.

Even though the scoreboard was in Stoughton's favor, the valiant efforts of the Warriors showed through.

## Smart Guy

NHS Induction

Being inducted into the National Honor Society is quite an accomplishment. In order to achieve this honor one must excel in such areas as academics, community service, leadership, and character. After being selected to join the Society, the members must be inducted. The Induction took place on November 19, 1997. After the ceremony, a reception was held for the inductees and their guests in the cafeteria.

### WHAT'S UP DOC?

**Dr. Ferris** opens the night with a congratulatory speech and a short story.

### THE HANDSHAKE

**Mike Griffith** is congratulated by **Dr. Ferris** for his acceptance by NHS. It's not an easy task to live up to the requirements of this honor organization.

### LIGHTS OF CHARACTER

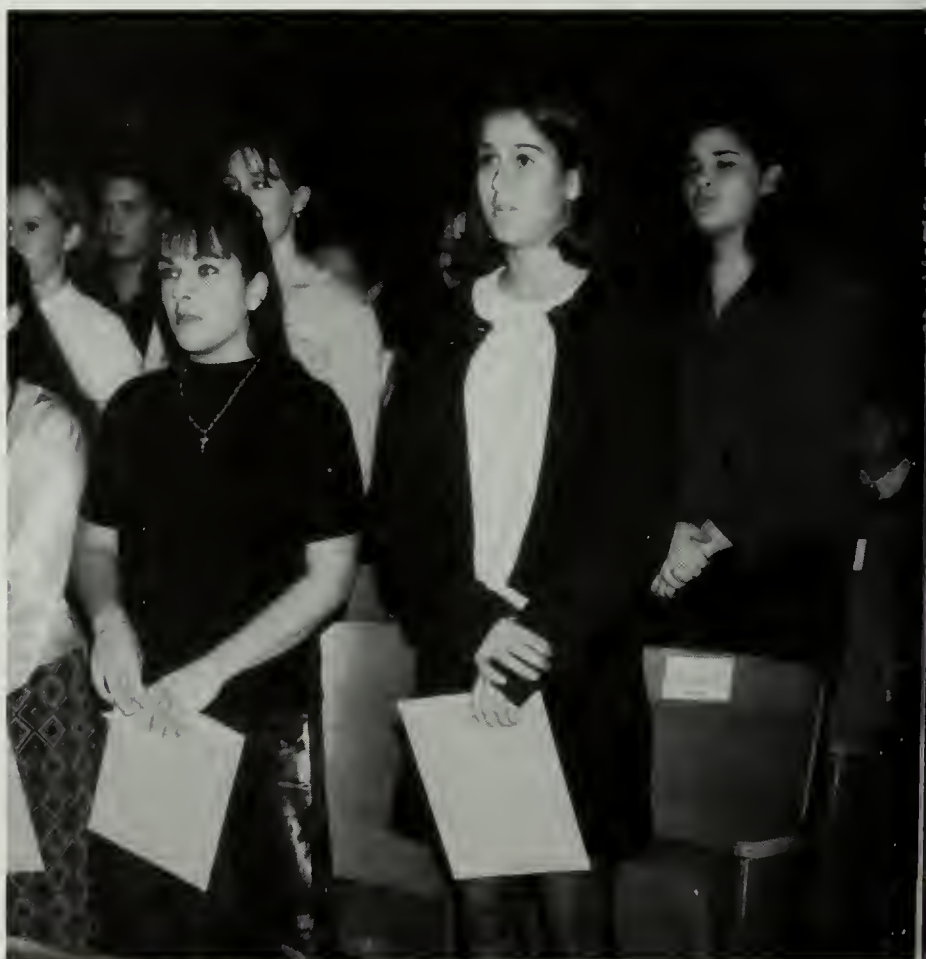

NHS Vice President

**Cathleen Collins** lights the ceremonial candles as part of the tradition of the NHS Induction. Each candle stands for a different quality of membership.

**Erinne Nelson** shows off the gifts she received for her induction.

JUST ONE MORE  
King Philip's NHS Officers and Principal Dr. Ferris pose for just one last picture.

## Charlie Brown's Thanksgiving Special

The Thanksgiving Day game is a time for King Philip students and alumni to enjoy an exciting football game while talking of old high school memories. The Warriors fought a tough battle throughout the entire game. The score board was proof of the effort put forth by our men. The final score, King Philip 6, Franklin 7, was the closest margin the Warriors have seen in a long time.

**DEDICATED WARRIORS**  
Kelli Pender and Allison Rice show their KP spirit with game shirts and pom-poms.

**ALL ALONE**  
Thanks to our strong defense, John Darling has time before throwing another perfect pass.

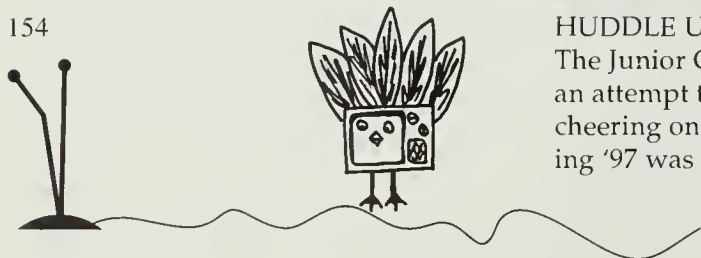

**PRECIOUS MOMENTS**  
Laurie Shaw and Mike Laliberte are off to the game in just a few moments. What would Thanksgiving be without the traditional KP-Franklin rivalry?

**IF LOOKS COULD KILL**  
Wayne Dunne stares down the camera while taking a break from the game.

**HUDDLE UP**  
The Junior Girls gather together in an attempt to stay warm while cheering on their men. Thanksgiving '97 was one of the coldest.

#### SENIOR SMILES

#### FUTURE BROTHER-IN-LAW

Jonathan Bluhm and Allison Rice enjoy their time together.

#### THE DRIVE TO WIN

Quarterback John Darling fakes a hand off to Ryan Clutterbuck in the Warriors' fight for victory.

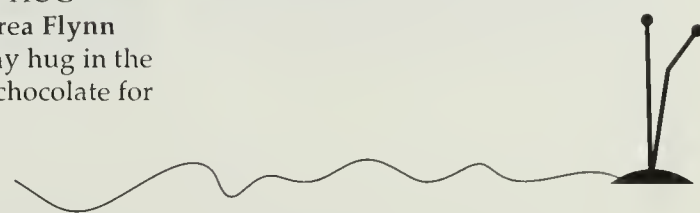

#### SMILE GIRLS

Old friends Bridie O'Loughlin and Dana Bontemps take a break from the crowd before the game begins. They were still smiling at the end even though KP lost.

#### THANKSGIVING DAY HUG

Sean Simmer and Andrea Flynn give each other a holiday hug in the bitter cold. It beats hot chocolate for warming power.

HERE WE GO GIRLS  
The Sugar Rats: Laurie Shaw,  
Allison Rice, and Kelli Pender,  
stumble out the door anticipating an  
exciting day on the slopes.

BOYZ IN THE HOOD  
Jay Roache wishes Joe Lorusso  
good luck as he sets out for a long,  
hard day of skiing. These two were  
the life of the mountain.

HEY BUDDY  
Prepared for a day on the cold trails  
of Sugarloaf, Andrea Lyons and  
Jess Nelson get all bundled up. It's  
better to be overly warm than to be  
freezing on the slopes.

DIAL 10-321  
Junior Andy Drowne gives the girls  
a quick call to make sure that  
everything is running smoothly.  
What a man!

LAUDY DAUDY...  
The party was in room 2537  
Saturday night after everyone came  
in from skiing. They don't look as  
tired as they do after a day of  
school.

#### ON OUR WAY

The six hour bus rides to and from Sugarloaf were a blast. They were full of laughter and high-spirits.

#### CATCHING SOME Z'S

**Jon Coliflores** takes a nap after a long day of skiing. He was probably dreaming of tomorrow's fresh snow.

#### STOWAWAY

**Brett Martucci** receives a warm welcome from **Rebecca Lamothe** upon his arrival at Sugarloaf. It's on trips like this that friendships are developed.

#### DRESSED TO KILL

**Josh Bhatti** bundles up for the cold weather as he hits the slopes. That smile certainly means that he was anticipating the killer snow.

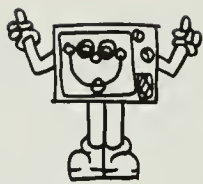

#### AIRBORNE

**Jim Lorusso** gets mad air and pulls a sick daffy. Dude, he was totally stoked!

## Northern Exposure

On January 16, members of the Ski Club met in the vacant high school parking lot, and set out on their six hour bus ride to Sugarloaf, Maine. Because there had just been a snowstorm the day before, the trails were covered in fresh new snow, the perfect ingredient for a super weekend of skiing and snowboarding. After a long day of being out on the mountain, everyone went back to their rooms and crashed. It was a good thing that Monday was a holiday because after such a tiring weekend, no one could have gotten up for school.

#### HEY CUTIE!

**Kim Hadfield** and **Jennie Boylan** get pumped to see a play. Field trips always prove to be a great time.

#### THE LAST SUPPER

**Amy Moore**, **Tracey Lefebvre**, **Keely Monahan**, and **Tina Sullivan** await their meal at Senior Supper. Later they learned who had won superlatives.

**SENIOR SPIRIT**  
The seniors tried, but they couldn't beat the juniors. They had the spirit on Hat Day.

## THE REAL WORLD

There are many events at K.P. that are often overlooked by the student body as being important.

But it's the everyday events, with a few special events thrown in, that make up a year. During the year the students travel on many field trips. They honor our administrators on National Principal's Day. And they wait at home anxiously as their parents meet with teachers twice a year.

While the students at K.P. may be overwhelmed by all of their obligations, they still find time to have fun in whatever they are doing. Our most sincere thanks are sent out to all of the people who have helped to liven up our school and community.

**WHAT DO YOU MEAN, A TEST?**  
**Elizabeth Edwards** gives a surprised expression in physics. She was apparently unaware that the camera was pointed at her.

**WHITE OUT**  
Students take part in the SADD White Out. **Matt Kavanaugh** and **Melissa Belle** have white faces to symbolize lives lost to drunk driving.

**A HELPING HAND**  
Josh Bhatti helps a mom find the next class at Parents' Night. Student Council was a great help that night directing people.

**TEAM WORK**  
Organizing their ideas for their next expedition to the elementary schools, the KP peer leaders have their monthly meeting.

**THE PARENTAL UNITS**  
The parents of the yearbook staff learned it's not so easy to produce this book.

**PSYCHED UP**  
The juniors show their excitement after winning the Spirit Week competitions. They hope to carry on their winning tradition next year as seniors.

**WHO'S THE BOSS?**  
Dr. Ferris and Mr. Fitzsimmons reap the benefits of Principal's Day. Because it only comes once a year, they are sure to make it the best.

### WE ARE THE CHAMPS

The Girls' Soccer Team knew they were up for an award winning season with the effort they put out at camp. 100% was just not good enough.

### SOCCER SISTERS

On and off the field the girls develop an unbreakable bond with one another. **Rebecca Lamothe** and **Nadia Jackson** share this bond.

### FRIENDS ARE FOREVER

Camp is a special time for all teams. There are bonds and new friends to be made at every session. This feeling of kinship can then blossom into a winning season.

### TAKIN' A BREAK

**Laurie Shaw** and **Kelly Pender** spend their free time laughing and telling jokes at soccer camp. It's a perfect way to unwind after a day of exhaustion.

### READY FOR ANYTHING

Goalie **Josh Bhatti** prepares for the shot against him at goalie camp. Like the field players he worked on skills that will aid him in defending the net.

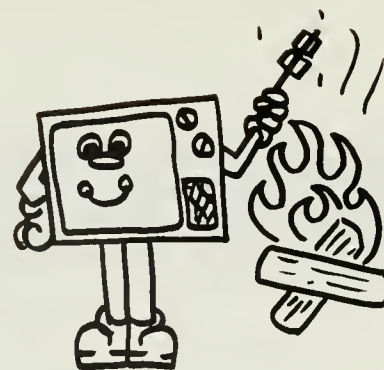

#### ROLE MODELS

Soccer Captains **Lauren Hurley** and **Sarah Afarian** set the tone this season from the very beginning. The team was to have fun while winning championships.

#### FOXY LADIES

In order to improve the 1998 Chief-tain, these ladies attended yearbook camp at Bryant College. **Liz Larson**, **Beth Curley**, and **Sarah Clapp** came away with tons of ideas.

## SALUTE YOUR SHORTS

Camp for King Philip students is a time to be with friends, practice the techniques your team or group is there for, and to have fun.

The most popular camps attended were Field Hockey, Soccer, Yearbook, and Student Council.

#### PAY ATTENTION!

Soccer stars **Paul** and **Dave Elliott**, along with **Stephen Macropolous** are supposed to be watching the instructor. Are the cheerleaders practicing on the next field, Paul?

#### CLIMBING THE WALLS

Editor of the yearbook, **Katrina Mintz**, gets in some practice learning how to climb the walls at yearbook camp. But it was a skill she didn't need to use too often this year.

#### SUMMER BREEZE

Student Council members attend annual seminars on how to improve their school and get more student involvement. It really looks more like a picnic!

# THE GRIND

Singled Out is a competition that has been held for two years now at King Philip. This year on February 11, the guys and girls from all grades competed to find the dates of their dreams. The dating pool contestants had a chance to win a date with seniors **Joe Gibeault** and **Heather Stewart**, or juniors **Stan Lewicki** and **Nadia Jackson**.

## NAUGHTY NADIA

**Nadia Jackson** struts her stuff across the stage while trying to find the perfect man. With such high standards it was a tough contest for all of the men.

## JENNY MCCARTHY

Once again **Maggie Henderson** got herself all decked out for her role of host, **Jenny McCarthy**. All the way to the shoes, Maggie looked great.

## TRADITIONAL GAME

It looks like this popular game is here to stay. The turnout was just as good this year as it was last year.

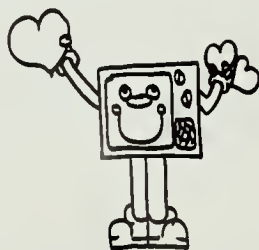

## NICE HAT

**Josh Vrysen's** job was to get the audience laughing. How could he miss with his famous dancing skills?

## HOT STUFF

Senior **Joe Gibeault** narrows down his choice of dates by asking personal questions. He makes an attempt to meet his dream girl.

#### THE SINGLE GIRLS

Each of these freshmen girls is hoping to be the one selected for a dream date. If smiles could win, then they'd all be going. Good luck!

#### SUPERMAN

Stan Lewicki sits in the chair while narrowing down his options. Being such a fun guy, he broke many hearts with his eliminations.

#### RAISE THE ROOF

Freshman Jonathan Bluhm does his best to get the crowd pumped throughout the night. Dressed as a woman, Jonathan is out to please the guys.

#### MONKEYING AROUND

One of the backstage guests makes a surprise appearance to psyche up the audience. This anonymous gorilla was a definite crowd pleaser, but he still didn't get chosen.

#### SPICE GIRL

Heather Stewart spiced up the contest for the boys in her leopard pants and high heels. Everyone was out to win her heart.

## Men At Work

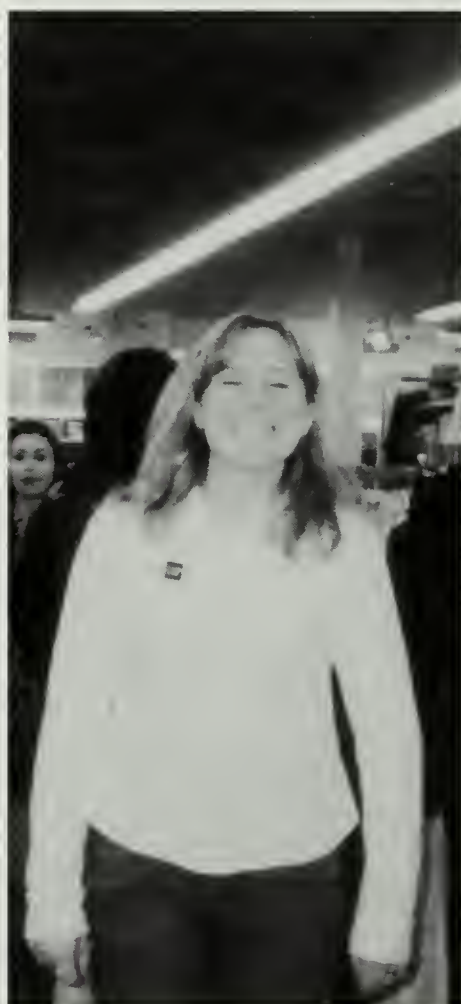

As in most high schools, the common place to meet friends is the mall. But for King Philip students it's hard work. The Wrentham Village Outlet offers many opportunities for making a little extra money while spending quality time with friends. Some of the most popular stores where students may be found are The Gap, Vans, Ralph Lauren Polo, and Fila.

### TROUBLED TWO-SOME

Jay Roach and Shawn Foster hang around in the fitting room at Ralph Lauren Polo.

### ALL SMILES

Bridie O'Laughlin happily greets anxious shoppers at The Gap Outlet.

### CANDID CAMERA

Katrina Mintz works hard sorting clothes at the GAP Outlet each week.

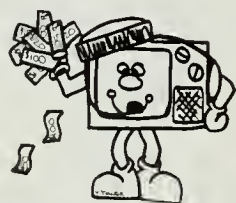

### THANK YOU VERY MUCH

Sarah Pavidis checks out the numerous customers at Hanes, Bali, Playtex.

### HOT SHOTS

Vans' partners Stan Lewicki and Justin Guard take a moment to model some of the merchandise.

Yearbook

*Our high school yearbook, the Chieftain, is put together by a class of students who want to make this year's yearbook the best ever. By working on the Chieftain, we have learned much about modern publishing. Through the use of computers, and through the help of our advisor **Miss Coutu**, the Chieftain has appeared before our eyes.*

Chieftain Advisor  
Miss Coutu

## SURPRISE

Andrea Flynn looks confused. The yearbook staff is used to taking pictures of others, not of themselves.

## HAVING A WONDERFUL TIME

Sarah Clapp, Beth Curley, and Liz Larson are just sitting around. This summer, they went to yearbook camp to help improve the Chieftain.

## LOOKING GOOD.

Liz Larson and Vicki Tower have a chance to smile for the camera. Photographer Heather Stewart has taken numerous pictures for the Chieftain.

## TYPE, TYPE, TYPE.

Computer operator Sarah Pavidis is stuck behind a computer all day. The yearbook requires much typing, and the staff, along with Miss Coutu, must do all the typing on their own.

## EYECATCHING NEWS

Senior Peter Pollard flips through a newspaper to get an idea of what to write about. He was a member of the journalism class that helped produce the newspaper.

## RAW COVERAGE

Before the finished product, this is what the newspaper looks like. The layout of the articles has to be decided before it can be put to bed.

## FUTURE WRITER

Amy Martel tries to write an interesting article for the school to read about. Although it seems like nothing ever happens at K.P., there's plenty to write about.

**THE FINISHED PRODUCT**  
Once everything is done, this is what the Metacomet looks like. The newspaper contains entertaining articles that appeal to all age groups.

**BUDDING JOURNALISTS**  
Members Melissa Gray, Nadia Jackson, Amy Martel, Jen Gagas, and Jon Coliflores find time for a little break. Few people realize how much has to be done to make the newspaper look this good.

**KEEP ON TYPING**  
Nadia Jackson types her article on the computer. Members had to do a lot of writing, typing, photographing and formatting in order to get the newspaper out.

**An excerpt from the article  
*Snow Days* by Nadia Jackson**

...Retrieving distant memory in your head, you turn to the window, hoping to see the snow you remember accumulating the night before. Overjoyed, you rush to the window and desperately search for the mounds that will keep you from putting on school clothes and getting on the bus. As you rip the curtains from the window, a sigh of relief overcomes you. Your eyes glisten to the scent of a winter wonderland. Just to confirm this wonderful sight, you turn on the TV and scan desperately to find *King Philip* on the screen. You turn to Channel Five, and Norton High flashes on the screen. You turn to Channel Four, then to Channel Ten, and keep going, desperately searching for the name. Finally, Channel Five flashes up *Ipswich*, and the anticipation escalates. Channel Five cuts to a commercial. Channel Four flashes *J* schools. Then *K* schools. *King Philip* does not appear. As the joy of a snow day is ripped out of the fantasy world and thrust into reality, a feeling of despair overcomes you.

Will King Philip ever have a snow day?

## Reaching for the Heights

The King Philip Marching Band, known for its success, is now expected to win every time it competes. We, the members, have earned a sense of expectation from our peers and our community. We strive for excellence year after year, and we seem to reach new heights within each season. But we have all heard at some point that *winning isn't everything*. The question is *Do we believe that?* We, of course, agree with the statement, while at the same time thinking that *nobody could possibly beat us. We're King Philip*. This past season our challenge was taken to the next level. Our staff decided to move our Division III band up to Division IV in the New England Circuit, NESBA. Some of us began to question whether or not we could ever dominate over those great bands. The challenge was presented and we rose to meet it. And so the first weekend of November, just a week after winning our eleventh consecutive gold at state finals, we marched onto the field at Tufts University, and we slopped through the mud to become the only band in NESBA to win in every division and win eight years in a row. But we weren't quite done yet. We continued to practice, and towards the end of the week, we set out for New Jersey. After an early morning call and a long rehearsal, we were rained out again. Given the option to stay and move up two divisions, or to come back the next week, we decided to stay. So instead of performing that night, we relaxed. The next day we rose early again to rehearse, but not for too long. After rehearsal we set out for Broadway to see *Les Miserables*. The show was amazing, but after we got back on the buses it was time to start focusing. And so we started the journey to Giant's Stadium for the performance of a lifetime. We entered the stadium, ready to take on the challenge of going up against bands of up to 125 members, while we had only 83. We didn't know if we would win and for once we really didn't care. We played our show and although there were mistakes, it was so exhilarating that they all seemed minor. The judges placed us fourth out of five bands in Group V Open in the U.S. Scholastic Band Association, with the notation that we had the best percussion. We all knew that we had won despite the decision of the judges. So now, when we hear that *winning isn't everything*, we can truly believe it.

### STACK OF SOPHOMORES

Even though members of Student Council work as one, they never forget about their classmates.

**Kelly Wardner, Christina Policastro, Rhianne Crowley, Meg Jordan, Kelly Fagan, and Briana Short** show their Student Council sophomore spirit.

### ALL WORK AND NO PLAY?

Conference days are always lots of fun and are very productive. Student Council took a break from school to organize their thoughts and ideas, and to plan projects for the year.

King Philip's Student Council is composed of a group of hard working, dedicated students from each of the four grades. The Student Council runs many events throughout the year. Some of these events include the Homecoming Dance and Fair, Singled Out, and Star Day. Not only do Council members work to benefit fellow members, but they also help their community. Members participate in putting together Thanksgiving Day baskets for families in the area. The Council proudly sends representatives to both regional and state conferences. Without the leadership of president **Maggie Henderson** and advisor **Mrs. Barnes**, many of the Council's events would not be such successes. They dedicate much time and effort to the activities run by the Council, with the help of other executive board members like **Jenni Allen, Lauren Miller, Amy O'Connor, and Josh Bhatti**.

### JUNIOR PYRAMID

This is the juniors' last year as the Council underclassmen.

**Dana Bontemps, Josh Bhatti, Craig Blinten, Patty Cronin, Caitlin McHale, Andrea Flynn, Becky Tower, and Carla Bertoldi** stick together.

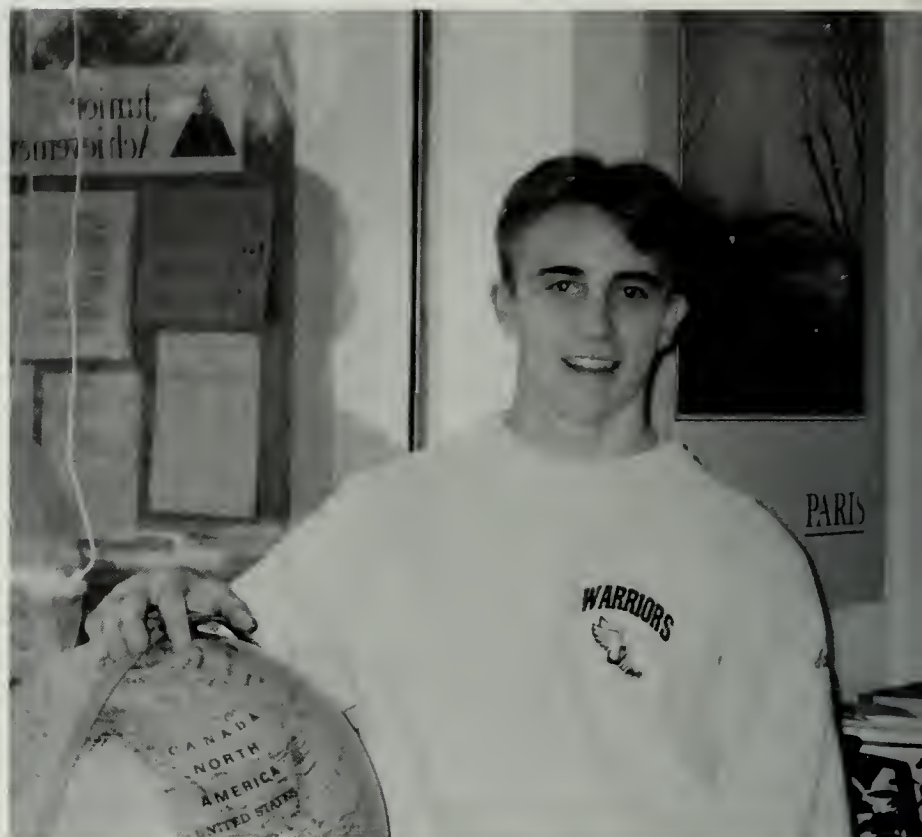

### SMILES IN THE SUN

Gym Leaders

*Gym leaders are dedicated to motivating the underclassmen during their physical education classes. They interact with underclassmen by leading warm-ups and participating in class activities. They are friendly and approachable people who act as role models. The students in these gym classes are lucky to have older kids to look up to. Besides, they make the class more fun.*

*Celebrating and Building Community* is a year-long venture designed and developed by the students, faculty and administration of King Philip Regional High School for the academic school year 1997-98. The intention is to initiate an action-spirit program that will celebrate and build a sense of community for all students, families and faculty of the King Philip Region. In addition to attending six motivational assemblies, students have designed buttons and calendars to be used around the school and community.

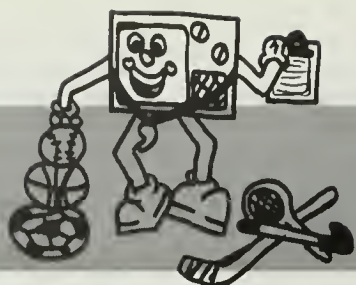

Laurie Shaw participates in the assembly by doing a demonstration on stage. The students enjoyed being involved.

# Owner's Instructions

Please! To get the best results from your new yearbook read these instruction page carefully.

## Congratulations on Your New Purchase

Your new yearbook features an all solid state chassis which is designed to give you many years of enjoyment. It was thoroughly tested and adjusted at the factory for best performance. In order for you to take full advantage of your new yearbook, please read and follow the installation and operating instructions supplied with this product.

## POWER SUPPLY

The power for this yearbook was provided by **Jaime Bombardier** and **Liz Larson**. A yearbook is produced with creativity, hard work, but also money. It was these two members of the class who took in all the money for our expensive work. Jamie sold and organized the ads. She had to call and visit businesses in order to get them to buy space. She is also responsible for the letters to your parents announcing the sale of baby ads. She had to keep a record of the ads, organize them, and make sure that each and every one was put into the book. Liz was in charge of selling the yearbooks and of keeping track of all the monies. You saw her signs and heard her announcements telling you that this was, indeed, the last sale of the year. What you didn't see was her counting money, entering names into our database, and passing the money along to **Mrs. Harrington**.

## CABLE TV CONNECTION

When you think cable, you probably think of ESPN. We have our own sports cable station (section) and our own sports reporters, **Mike Maloney** and **Jaron Goldstein**. They oversaw the picture taking of all the sports teams, both candid shots and team pictures. Then they had to take the pictures to find the most representative shots. These they cropped and put into the layout they picked in September. They had to write captions that fit the pictures and satisfied their teacher. In addition, they had to squint for long hours trying to identify each team member or find somebody who could. Then they wrote up stories chronicling what happened to the teams during the season, and guessing what was going to happen to the teams that weren't finished by our mid February last deadline.

## SETTING THE CLOCK

What really does happen during a typical school year? That was the job of two people who really had their hands on the pulse of K.P. **Laurie Shaw** and **Rebecca Lamothe** organized this section, deciding which were the events that called for coverage. They had to make sure that picture taking was scheduled, either by our professionals, or by our semi-professionals (the members of the class who would be at the event.) This turned out to be a difficult job, because some of the events that they were going to cover, which were listed in their table of contents did not take place before our last deadline. At the last minute we found out that Singled Out would be held two days before February vacation. The name of the page had already been changed. Also it meant that they had to take pictures and run to the 1 hour photo shop that night, pick up the pictures before school, and produce the layout before they left for vacation. It was close. One other problem they encountered was that few students take pictures or are willing to share them. Laurie will tell you how creative she had to get around November.

## FEATURES

**On Screen Programming:** Our production was created entirely on computer. In order to do that, you must have a responsible computer operator. Ours was **Sarah Pavidis**. Sarah was responsible for formatting the entire senior portrait section. That 's a painstaking job, since no one would be happy if his or her name was misspelled, or the information was inaccurate. She also was responsible for the index. She learned how to index names using computer commands. This is a much more efficient method of working than doing it by hand. And speaking of hands, Sarah's flew over the keyboard. She also has an eagle eye for proofreading, finding errors, which many other had already missed.

**Last Channel Viewed Button:** Don't forget those underclassmen, last channel viewed, but not forgotten. **Beth Curley** was again in charge of this section. This year Beth tried a feature on the computer that was supposed to make it easier to produce pages of little pictures. She'll tell you that there was nothing easy about it. If you moved a name over one space, half the name might disappear and every other first name and last name ended up with the wrong person. This happened frequently after one of our sports people offered to help type in freshmen names. It took a long time finding hidden names before we straightened that problem out. Beth also spent afternoon after afternoon in room 221 helping out any way she could. It can get lonely every afternoon, especially around 3:15, but not when Beth is around.

**Color Button:** Color is the most expensive part of any yearbook. Therefore, it is reserved for the senior section. And one important consideration is that there can be no mistakes in these 48 pages. That's why **Tara Martin** and **Jill Krasnauskas** were so perfect for this job. They pestered seniors for their profiles and information about their pictures. Even though our initial request for this information came in the Spring of 1997, they were still begging for information in December. They didn't want to have to put blank spaces under pictures, but there's a point where the yearbook manufacturer tells you to give up. You can't fight them. But as soon as that battle was over, they started in on the Prophecy, which is unique this year. Then they went right to work on the Will. And don't forget that it was Jill and Tara who pushed for the Senior Supper, arranged for the Senior Superlative voting, made the certificates, and then worked with the photographer to get the perfect scenes for the pictures.

**Brightness:** What brightens many students' days is membership in a club or organization here at K.P.

**Mary Dethavong** was able to tell that story in page after page of photos, perfectly executed layouts, and error free information. Mary is a perfectionist and had difficulty at the beginning using a new computer, Macintosh, and a very complicated program, Pagemaker 6.0. Where some students could get by with work that was done a little haphazardly, Mary took great pride in being correct, and so she wasn't happy with her first month of electronic publishing. But as she gained expertise, her work blossomed and we came to expect work so well done that it need not be checked closely before being sent to the publisher. Mary listened to and heeded all the warnings about 1 pica spacing. And so the student who started hesitantly, became the master of layout. Keep in mind that Mary was in charge of 21 2- page layouts, a section larger than we had ever produced before. Although she received willing help from others in the class, it still was her headache to coordinate and get done.

**The Picture:** What's a yearbook without pictures? A history book!!! Pictures do make all the difference. This year we had a master photographer on our staff, **Heather Stewart**. Heather listened intently as section editors explained what they needed—yesterday! She didn't get alarmed, or stressed, or angry. She just snapped away. You can't really separate her pictures from those done by Chestnut Hill. That's how good her eye is. If the photographer missed a teacher, no problem. Heather could get it. If an event was coming up that was on our schedule, again, Heather would go. And even more helpful, she would take the film she shot to a processor and bring back the finished pictures, with very little fanfare. The only sad note, is that she was behind the camera so often, we really didn't get good shots of her.

**Closed Captioning:** By law there must be closed captioning available for deaf tv viewers. Someone has to write these video captions, and someone had to write for our yearbook. **Andrea Flynn** took the assignments presented to her by the section editors and developed beautifully written, flowing articles that carried the emotions of a senior class about to set out on the trip of their lifetimes as well as the pride of the sports teams that ended up winners in a competitive league. She always captured the essence of the event and spun it into a story that will be retold and reread over and over.

**On Timer Button:** No one wanted to take on the the faculty section. The class had heard stories about how forgetful/difficult/or demanding the school staff can be. Notices have to be sent out at least twice, sometimes three times before any action happens. And sometimes a personal visit is necessary before we get back the question sheet we need. What makes it even harder is that the faculty editors have to be firm with the very people who are their teachers and administrators. It's uncharted area for many students. But, thanks to **Vicki Tower** and **Andrea Flynn** the job got done, well done. They were persistent with just the right touch of humor. They were also sensitive to the fact that some staff members might appreciate a reshoot on their pictures. When they could, they arranged for the professional photographer to take the picture. When that became impossible, they took the pictures themselves. The adults of the school should appreciate the pages this team turned out.

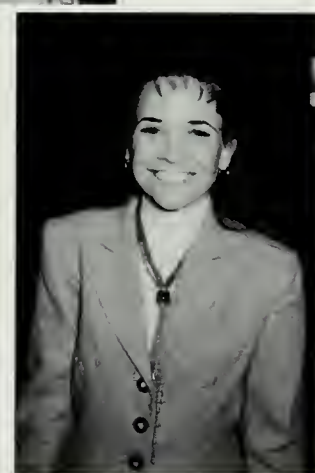

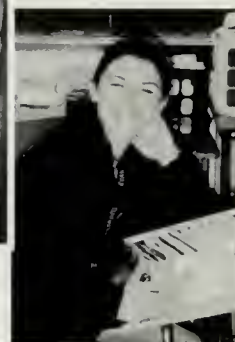

**On Screen Display:** Our Special Section is new this year. **Jen Carey**, **Kara O'Neil**, and **Sarah Clapp** took up the challenge of creating a new section for our yearbook. Those color pages at the very beginning of the book—Siblings, Friends, Twins, Class Couples, Boys, and Girls—are meant to make a statement about who we are. They also came up with the idea of the Captains' Pages. The unusual poses you see these captains in came from them. This team of three came up with the ideas, the pictures, and the layouts. And what is new to us this year, will probably become a cherished part of the Chieftain tradition in the future.

**Picture in a Picture:** Televisions! **Vicki Tower** sees them in her sleep now. She has drawn well over 100 television people for this edition of the yearbook. We weren't sure that it would be possible for anyone to dress up that many tv's and have them holding that much sports equipment without running out of ideas. And the work involved! Could anyone spend that much time drawing without risking carpal tunnel syndrome? Our questions were answered with cartoon after cartoon, all different and all done with a smile. Vicki's art talent is incredible, her work ethic is awe inspiring, but it was her attitude, her smile, and her comments like *Whatever* and a shrug of the shoulders when problems arose or *Sweet!* when the proofs came back perfect that buoyed everybody's spirits in the dark days of winter. Vicki was the heart and soul of this year's yearbook.

**Troubleshooting:** **Katrina Mintz**, Editor in Chief. What is Katrina responsible for? In short, the whole book. In the Spring of 1997 Katrina fell in love with the idea of The Wonder Years. She went on and on about what a phenomenal theme it would be for the '98 yearbook. Although I wasn't convinced that it was a "noble" enough theme, I figured that the '98 class should make that decision. Katrina convinced them and the rest is history. So if you think the idea of tv's is cute, thank her. But also thank her for being the driving force that kept everyone on their toes. Katrina looks sweet and unassuming, but she can be a tiger when someone is dragging her feet and not making her deadlines. She even got to the point of shutting off the candy supply until the productivity rate went up. She kept track of every page sent in and charted our progress. When I had to be out, Katrina took charge. No sub was needed. This was a very fine yearbook staff, but Katrina made them even better.

**The Cost of Coverage:** This year the Assistant Advisor was **Mrs. Harrington**, or Miss Proulx, as some insist on calling her. Mrs. Harrington was in charge of the money—sales money, ad money, bills. She was our check to make sure that all the books balanced, and they did. She made herself accessible at all times, so that no one had to carry cash around. She offered encouragement when deadlines were looming. But most of all, she gave us sanity. When money starts to fly around, especially on the day seniors get their yearbooks, it's good to have someone around who can slow down the process and make us accountable. Mrs. Harrington was just what this year's advisor needed and hoped for. And she would make us very happy if she named the baby, Chieftain.

**Warranty:** If a yearbook could be produced entirely in the classroom, then this manual would be done. However, other people need to be a part of the equation if we're going to have success. **Arnie Lohman** is our Josten's representative. He answers all the advisor's dumb questions and intercedes when a problem with the plant comes up. He is the best. **Kristin Ellerbe** is a friendly and knowledgeable voice on the phone. She works and lives in North Carolina but is our representative at the plant where the book is manufactured. Closer to home, **Joe Geofferoy**, his son **Gary**, and the whole staff of Chestnut Hill are our professional photographers. They do the large group pictures, our senior superlatives, teacher pictures, athletic action shots, and the senior portraits. They couldn't be more easy to work with or friendlier people. Here at home, I would be remiss if I didn't mention our administrators, especially **Dr. Ferris** and **Mr. Fitzsimmons**. They allow this yearbook to be produced by a class, and not as an after-school extra activity. They also allow us to bend the rules when we have film that has to be picked up at the local drugstore, or we need to call students out of class, or we need to assemble the senior class out on the football field for a picture. The secretaries of the school, especially **Mrs. Berry**, **Mrs. Antonellis**, **Miss Lessard**, and **Mrs. Moresi** have been so helpful fielding phone calls, helping with the mail, arranging for picture taking, keeping the student activities books, and even providing mailing tape. We also want to thank **Mrs. Carneiro**, senior class advisor, who was a joy to work with. Finally, my thanks goes to the staff who put up with our constant requests to remove students from class for picture taking, the students who lent us their cherished pictures, **Mr. Fenton** who had to clean the room everyday, and everyone who encouraged us along the way.
